ESTABLISHED 1833. FORT WAYNE, IND., MONDAY, APRIL 14, 1902. PRICE TWO CENTS

A WESTERN MAN

TO BE NAMED SURVEYOR OF PORT OF NEW YORK.

CLARKSON, OF IOWA, CHOSEN

WAS FORMER ASSISTANT POSTMASTER GENERAL.

PRESIDENT UPHOLDS DOLE

CHINESE LAW IN SENATE AND CUBA IN HOUSE.

Washington, April 14.—The president has determined upon the appointment of James S. Clarkson, of Iowa, formerly first assistant postmaster general, to be surveyor of customs of the port of New York. It also was announced at the white house today that Lieutenant Sharkey, naval officer at New York, will be reappointed.

PRESIDENT UPHOLDS DOLE.

Washington, April 14.—The following official statement was made at the white house today:

"The president, after most careful investigation and hearing as many men as possible, and hearing from others, has come to the conclusion that Governor Dole's course has been such as to warrant his continuance as governor of Hawaii and entitle him to the respect and hearty support of the administration."

The governor was a caller at the white house today and said that he would go to Boston for a short visit and in about two weeks would sail for home.

IN THE SENATE.

Washington, April 14.—The Chinese exclusion bill was taken up by the senate after the disposal of routine business today, and Mr. McLaurin, of South Carolina, spoke in support of an extension of the present law.

Mr. McLaurin said it was inconceivable that any honorable nation, least of all the United States, should surrender its integrity by deliberately adopting policies and enacting laws in violation of its own sworn compact and treaty with other power, and that, too, during a period of profound peace, without any provoking cause from the other nation. The pending senate bill, he declared, was calculated by its restrictive action and inimicable spirit to kill our trade with China. This was a consideration of vital importance to South Carolina, with its vast cotton production and the growing shipments of cotton goods to China.

Mr. Foraker, of Ohio, followed in a speech opposing certain features of the measure. At the outset he said he desired to emphasize the fact that he was not opposed to the general proposition that Chinese laborers, skilled or unskilled, should be excluded. His opposition was not on account of the prohibition policy, but was on account of other features of the pending bill, chiefly those relating to exempted classes. These features, the senator declared, were in violation of our treaty rights and were calculated to work serious injury to the people of this country, especially to the wage workers.

Mr. Foraker took up the various treaties, showing the development of the exclusion policy and the various rights given and restrictions imposed.

Replying to a question from Mr. Platt, of Connecticut, Mr. Foraker said that Li Hung Chang would have been excluded from this country under the provisions of the pending bill and China could reciprocately exclude our missionaries, engineers and students.

IN THE HOUSE.

Washington, April 14.—The second week of the debate upon the Cuban reciprocity bill began in the house today. Under the rule this was District of Columbia day, but the regular order was postponed until next Monday. Some minor bills were passed and Mr. Loud, of California, then called up the conference report on the postoffice appropriation bill. He was questioned closely about the item in the report providing for the pneumatic tube service.

Mr. Cannon, of Illinois, and Mr. Moody, of Massachusetts, criticised the manner in which the provision came into the house for action, giving no opportunity for amendment.

Mr. Loud insisted that the house, even at this parliamentary stage, could reject the report if the pneumatic tube provision was not acceptable. The report was adopted without division.

The house then went into committee of the whole and resumed the debate upon the Cuban reciprocity bill. Mr. Aplin, of Michigan, objected to a request made by Mr. Payne for general leave to print remarks upon the bill. The objection made by Mr. Aplin was a tactical move to compel all members who desired to put their views in the record to take the floor for that purpose.

Mr. McCall, of Massachusetts, a member of the ways and means committee, was the first speaker today. He made an earnest speech in favor of the passage of the bill.

BRITISH BUDGET REPORTED

CHANCELLOR OF EXCHEQUER TELLS OF FINANCES.

A Grand Total Deficit of $200,000,000 for the Year—Will Borrow Money.

London, April 14.—The chancellor of the exchequer, Sir Michael Hicks-Beach, rose in the house of commons at 4:25 p. m. today to make the budget statement. He declared the past year had not been exceptionally prosperous, but there was nothing to depress the country. Despite the fact that thousands of workmen had been removed from productive labor by the war, the revenue figures showed no diminution of business at home, while there was a satisfactory increase of foreign trade, and there was no reason for thinking that there had been any falling off of the consuming power of the people. There had been a heavy slump in the receipts from tobacco, spirits and beer, but there was a great increase in the consumption of tea and cocoa. The decrease in the receipts from spirits and tobacco was due to the forestallment of the duty during the previous year. He was in the exceptional position for a chancellor of the exchequer holding office during a severe war, that for two years past the revenue had exceeded his anticipations, the last year by £543,000, when his total deficit, including the war expenditure of £73,192,000 for South Africa and China, was £52,544,000.

The statement showed a total ordinary expenditure for 1902-3 estimated at £129,159,000, with war charges amounting to £45,450,000, making a grand total of £174,609,000, which is £12,993,000 below the total for 1901-2.

The chancellor of the exchequer estimated the total deficit for the present year at £23,824,000.

To the deficit must be added sixteen or seventeen millions additional war expenditure.

The chancellor of the exchequer said he had hopes of a happy result from the conference in South Africa, but he had put them aside. Preparations for the continuance of the war were the best guarantee of peace.

He estimated the revenue for this year, on the basis of the present taxation, at £147,785,000, not including the cost of gratuities at the end of the war, the transporting of troops home, etc.

The grand total of the deficit is £45,000,000. The sum of £32,000,000 will be borrowed. The revenue from the new taxation is expected to be £5,160,000. After borrowing £32,000,000 the chancellor of the exchequer will make up the deficit by drafts on the exchequer.

CALLED A NEW PASTOR.

At a meeting of Trinity Lutheran church, in Bloomingdale, held Sunday afternoon, a call was extended to Rev. Paul Stoeppelwerth, of North Amherst, Ohio, to become pastor of Trinity church. This is to supply the vacancy occasioned by the resignation of Rev. J. A. Bohn, who some weeks ago accepted a call to the church at Fraser, Mich., where he will have a much larger charge than that in Fort Wayne. Rev. Bohn has occupied the Fort Wayne pastorate for the past eight or nine years and his ministration has been attended with marked success. Rev. Stoeppelwerth is said to be a young man of fine attainments and it is predicted he will prove very popular with the congregation in this city. Rev. Bohn will leave tomorrow for his new home in Michigan, but it will require several weeks before his successor can be installed. Meantime, one of the professors at Trinity school will be in charge of the congregation.

APPOINTS ARCHBISHOP RYAN.

Washington, April 14.—The president has appointed Archbishop Ryan, of Philadelphia, a member of the board of Indian commissioners.

C. M. Comparet left yesterday on an extended business trip in the interests of S. F. Bowser & Co.

HOPEFUL FEELING

PEACE OUTLOOK IS THOUGHT GOOD IN LONDON.

WANTED TO USE THE CABLE

WHAT BOER LEADERS ASKED OF KITCHENER.

SEVERE FIGHTING REPORTED

BOER AND BRITON CONTINUE TO SHED BLOOD.

London, April 14.—It is said that the communication of the Boer leaders to Lord Kitchener amounted to little more than a request for permission to use the cable in consulting Mr. Kruger and the Boer delegates in Europe regarding a basis for a peace settlement.

There is a distinctly hopeful feeling in official quarters.

Replying in the house of commons today to the liberal leader, Sir Henry Campbell-Bannerman, who asked whether any terms of peace had been suggested by the Boer leaders in South Africa, the government leader, A. J. Balfour, said it was impossible at present to say more than that a message had been received Saturday from the Boer leaders, through Lord Kitchener, and that a reply had been sent to them. Further communication was expected.

MUCH FIGHTING REPORTED.

London, April 14.—News of severe fighting in the Transvaal at the end of last week has been sent by Lord Kitchener, who reports that about 200 Boers were killed, wounded or captured. There were about 100 British casualties.

The British also captured three guns and a considerable quantity of supplies. Commandant Potgieter was among the Boers killed.

Lord Kitchener, in a dispatch dated from Pretoria, Sunday, April 13, recounts how Colonel Colenbrander, after locating Commandant Beyers' laager, at Pralkop, moved his force, by different routes, from Pietersburg, Transvaal colony, blocking the principal lines of retreat. The fighting commenced April 8, when the Inniskilling fusileers attacked Molipspoort, covering the Boer position, and by dusk had seized a hill eastward of the poort, after considerable opposition, resulting in Colonel Murray being wounded and Lieutenant Lincoln being killed. Another officer and five men were wounded. Since then the operations continued daily. Colenbrander's latest report, April 12, gave the Boer losses in killed, wounded and prisoners, at 106 men. The colonel hoped to be able to report further captures.

The most severe fighting occurred April 11, in Western Transvaal, where General Ian Hamilton has replaced General Metheun in command of the British troops. The Boers attacked Colonel Kekewich's force near Rooiwal, and fighting at close quarters ensued. The Boers were repulsed, leaving on the field forty-four men killed, including Commandant Potgieter, and thirty-four wounded. The British captured twenty unwounded prisoners.

According to last accounts General Ian Hamilton was pursuing the remainder of the Boer command. The British losses in this fight were six killed and fifty-two wounded.

At the beginning of the pursuit Colonel Kekewich captured two guns, a pom-pom, a quantity of ammunition and a number of wagons.

A force of Boers recently overwhelmed a strong British patrol sent out from Bultfontein, Orange River colony, to clear distant farms. An officer and two men were killed, fourteen men wounded and the remaining members of the patrol were surrounded and captured. Lord Kitchener mentions holding an inquiry into this reverse.

PIONEER IS DEAD.

Columbia City, Ind., April 14.—C. D. Waidlich, of Columbia City, died yesterday morning aged 77. Mr. Waidlich was a pioneer of Whitley county and one of the wealthiest and most influential citizens. He leaves his widow, Mrs. Elizabeth Waidlich, and one daughter, Mrs G. W. Eichholtz, of Indianapolis.

MRS. HEYWOOD IN JAIL.

Detroit, Mich., April 14.—Mrs. George H. Heywood, whose husband was mysteriously murdered last Thursday morning, was brought down to police headquarters today and from now on until the trial of William M. Jones comes off she will be detained as a witness. Jones, who roomed at the Heywood house, and with whom Mrs. Heywood has admitted she had illicit relations, is under arrest on suspicion of the murder. Captain McDonnell said of the detention of Mrs. Heywood: "We shall hold her as a witness against Jones. Mrs. Heywood is now convinced that Jones is the slayer of her husband and she is going to do all she can to bring him to just punishment." Asked whether Mrs. Heywood had been questioned any further, Captain McDonnell said she had not.

MYSTERY OF THE L. & N. ROAD

COUNTLESS RUMORS AFLOAT IN WALL STREET.

Just Where Control of the Railroad Lies is Not Known, But Likely in the Southern.

New York, April 14.—Countless rumors dealing with the reported change of control of the Louisville and Nashville road were current today, but nothing in the way of an official or semi-official statement was obtainable. Parties most interested declined with one accord to discuss the subject.

John W. Gates refused to be interviewed; the Belmont interest had nothing to say, and Southern railway representatives were equally uncommunicative.

The several conferences of last Saturday, including that between Mr. Gates and George W. Perkins at the office of J. P. Morgan & Co., are regarded with more than a little significance by students of the situation. Mr. Gates and his associates are reported to own or control more than 300,000 shares of Louisville, of which the total share capital is 600,000 shares. Some of this is on contracts for delivery within the next three weeks.

It is not doubted that the Louisville and Nashville-Southern railway situation was thoroughly discussed at the meeting between Messrs. Perkins and Gates, but with what result may not be known for some days.

Conservative opinion inclines to the belief, however, that Southern interests will soon be found dominant in Louisville.

The strength of Illinois Central during today's early session of the stock market gave rise in some quarters to the belief that that road would be found in control of Louisville. The best information fails to bear this out.

Louisville stock was active and feverish and rose towards noon to 123½. The rise in the stock caused signs of misgivings and depressed the general market.

LOCAL LINES.

Emmaus church will celebrate its first anniversary next Sunday. There will be three services during the day a program of which will be published later.

Inquiry has reached The Sentinel office concerning a man named Neufer, supposed to be employed here. The Sentinel has not now and never has had any such named person in its employ.

Miss Hogue, of the Marguerita Sylva opera company, was taken seriously ill last night at the Randall hotel. Dr. Crull was called to attend her. The young lady was sufficiently improved to accompany the troupe this morning.

Charles Fry, of Eureka, Cal., has returned home after a visit in the city. Mr. Fry formerly resided here, but left about sixteen years ago to seek his fortune in the west. Mr. Fry has been very successful and is heavily interested in several mining properties.

A very pleasant surprise party was tendered Miss Carrie Wiegman in honor of her birthday anniversary. The evening was spent in progressive pedro and music by the Home orchestra. First prizes were won by Miss Lizzie Waltemath and Fred Dassler, while Miss Carrie Yergens and Will Yergens captured the boobies. At midnight a dainty luncheon was served.

CRISIS IN BELGIUM

GENERAL STRIKE ORDERED IN THE MINES.

FACTORY WORKERS STRIKE

TROOPS BEING REINFORCED FOR EMERGENCIES.

NO MARTIAL LAW AS YET

LEGISLATIVE ACTION MUST PROCLAIM SUCH RULE.

Brussels, April 14.—A dispatch from La Louviere, a town in the Province of Hainaut, announces that, in accordance with the decision of the labor leaders, a general strike has commenced in the coal mines, glass works and factories of the central districts, including Mariemont and Bascoup.

Advices from Liege say that a general strike has been started in the coal mines of the Herning district and at the Kettin foundries, at Seleasin.

The quarrymen of the Amblève valley have also struck.

There has been rioting at Poulseur, where the convent of the Little Sisters of the Poor has been stoned.

From Mons, troops have started for different points in the Borinage district.

At Cuesmes, a town in the Province of Hainaut, 5,000 strikers assembled around the state arsenal, with the object of stopping work.

The weavers of Ghent are ceasing work and a general strike of the weaving trade, it is expected, will be declared tomorrow.

The great strike has commenced at Charleroi, where 15,000 out of the 40,000 coal miners have already stopped work.

BIG STRIKE FAIRLY BEGUN.

The strike has begun fairly generally in the mining regions of the country, which are divided into four coal fields, surrounding Mons, La Louviere, Charleroi and Liege. No serious incidents have yet been reported anywhere. Strong military precautions have been taken in every part of Belgium.

Thirty-five thousand troops are distributed in the agitated regions.

Brussels is perfectly quiet. There are no signs of the strike in the center of the town, but a number of strikes have occurred in the factories situated in the suburbs.

No socialist meetings have yet occurred here today, but the workmen have been urged to meet in the various halls of the city this evening, in order to demonstrate in favor of a revision of the constitution.

There will be no meeting at the Maison du Peuple tonight, as the socialists fear an assemblage there would be followed by disturbances, which probably would cause the burgomaster to close it altogether.

Detachments of civic guards have been stationed in the vicinity of the Maison du Peuple, to prevent gatherings, and the entire civic guard will be mobilized this evening, ready for any emergency.

A general strike has been declared in most of the large boot and shoe factories. Adequate measures have been taken to enable the soldiers to re-enforce the police at a moment's notice at any point required.

There has been thus far today no question of proclaiming martial law. Such a step cannot be taken in Belgium without special legislative action.

About 18,000 men are now out on strike in the Mons district.

DYNAMITE AS STRIKE FACTOR.

Brazil, Ind., April 14.—Strike sympathizers used dynamite on an interurban street car belonging to the Terre Haute Electric company at an early hour yesterday morning. A stick of dynamite was ingeniously placed under a rail in such a manner that it exploded when the car passed over it, throwing the car from the track, tearing off the front trucks and breaking the windows. The motorman was slightly hurt. The passengers escaped injury, but one woman fainted from fright. The explosion broke a rail in two places and tore a large hole in the ground. The report was so severe that it shook houses standing near by. The perpetrators are unknown. The strike has been on for three weeks.

TWO INDICTED FOR MURDER.

Portland, Ind., April 14.—After a week's session the special grand jury concluded its work Saturday and returned first degree murder indictments against Charles Shepherd, who shot and killed his wife at Redkey and then attempted suicide, and James M. Ertel, whose wife was supposed to have committed suicide on the morning of Feb. 8 by cutting her throat with a razor. Shepherd was already in jail and Ertel, who is past 50, was arrested late Saturday afternoon at New Mount Pleasant by a deputy sheriff and brought here to prison. He protests his innocence.

FAMILY OF SEVEN MURDERED.

St. Petersburg, April 14.—A dispatch from Kovno, capital of the government of the same name, announces that all the members of a Jewish family, numbering seven persons, residing near that place, have been slain by robbers, who beat out their brains with axes. The murderers also burned the house occupied by their victims.

ZURBUCH GOES TO PRISON

FORT WAYNE MAN SENTENCED AT INDIANAPOLIS.

Made Plea of Guilty to Larceny and Gets One to Three Years in Penitentiary.

About February 8, George Zurbach, a well known Fort Wayne citizen, formerly living at New Haven, was arrested by an Indianapolis officer, charged with having committed larceny, the Manhattan Pool Table company, of Dayton, O., being the complaining witness. Relatives of Zurbach stood ready to give bail, but this Zurbach refused, saying that there was no case against him, that he would be cleared in ten minutes when the case came to trial and that then he would sue the company for damages for false arrest and imprisonment. Accordingly he accompanied the officer to Indianapolis, where he has since been confined. On Saturday last he was indicted by the grand jury and the same day arraigned before the Marion criminal court at Indianapolis, where he entered a plea of guilty to petit larceny, the amount named being $10 in money, and was sentenced to state's prison for one to three years. His wife and five children, three of whom are grown up, live on Walnut street in this city.

Zurbach was formerly in the employ of the Manhattan Table company, a concern manufacturing a patent pool table used principally in saloons, and traveled throughout the state under the jurisdiction of the Indianapolis agency. After he left the employ of the concern it was discovered that he had collected something like $40 for which he had made no return. He made no denial of the collections, but claimed that the money and more, too, was due him from the company. He contended that his contract stipulated that when he made a sale and the table was delivered and accepted by the party to whom it was shipped his commission immediately became due and that if the purchaser afterwards became dissatisfied with the purchase and returned it to the company that was the company's risk and not his; that his service concluded with the acceptance of the goods. He said that he had taken up several tables, boxed and shipped them at his own expense and that for this he was not credited with the expense incurred nor the commission on the sales. He contended that according to the contract he was still underpaid and refused to make good the money collected. The company took a different view of the matter and the latter's view was evidently sustained by the trial court with the result above noted.

SHOPMAN GAINS FORTUNE.

Terre Haute, Ind., April 14.—Bert Williams, employed in the Vandalia shops, has received notice from C. G. Fickland, a New York lawyer, that his share of the estate of his grandfather near Paris, France, is worth $100,000. A duplicate of the will was inclosed in the letter. Williams' father was born in France, and moved to Charleston, Ill., where the son was left an orphan when he was 10 years of age, inheriting 120 acres of land and some money. The inheritance was lost in a bad business venture at Bloomington, Ill. He served as mounted orderly for General Shafter in Cuba, and has a letter from the general commending him highly. The French estate consists of land near Paris and $36,000 in cash.

POSTMASTER FOR LAGRANGE.

Washington, April 14.—Among the nominations sent to the senate today by the president was the name of Romie P. Dryer to be postmaster of Lagrange, Ind.

Captain Stoll, of the Pennsylvania police department, is home from a business visit to Pittsburg.

A SHOCKING CRIME

TWO CHILDREN SLAIN NEAR DES MOINES, IOWA.

WERE HORRIBLY BUTCHERED

HEADS WERE CRUSHED WITH A BRICK.

RETURNING FROM CHURCH

NEGRO SUSPECTED, MOTIVE BEING RAPE.

Des Moines, Iowa, April 14.—While returning from Highland Park Methodist church on the North outskirts of the city last evening Mary Peterson, fifteen years of age, and Thomas, aged eleven, children of Peter J. Peterson, a well-to-do dairyman, were murdered by some unknown person, believed to be a negro. The boy, when found at midnight, was alive, but died within fifteen minutes without being able to give a description of his assailant. When assaulted the children were returning from church, where they had been attending the evening service. The bodies were discovered by the roadside by a farmer who heard the moans of the lad. Their heads had been crushed in, presumably by a brick. The entire police force is working on the case.

The police so far are without a clew. The body of the girl was found in a ditch two feet deep. She had been ravished. Her clothing was badly torn. At the base of the head she had been struck with some hard instrument which fractured the skull. Not a brick or any possible weapon can be found within the region where the murders occurred. The boy was found in the ditch on the opposite side of the road. Full half a dozen indentations were made in the skull and his face also showed evidence of being pounded. There are still three girls and two boys in the Peterson family. Two of the girls declare that a week ago they were chased at the same spot by a man on their return during the evening from Highland park. They are unable to give a description of the man. Not far from the scene of the murder are the Marquisville coal mines in which some two hundred colored coal miners are employed. It is the impression of the police that the murderer was a resident of Marquisville. The tracks of two men have been found leading from the scene and were followed by the police, but they soon led into a path where all trace was lost.

James Hutchins, a negro 27 years of age, was arrested this afternoon on suspicion. He had on the back of his coat the imprint of a bloody hand. He gave a rambling account of where he had been during the night.

A crowd of several thousand people gathered in front of the city jail shortly after the arrest of Hutchins, but no effort was made to take him from the officers. Excitement is running high in the city and talk of lynching is common.

MERGER CASE IS UP.

Washington, April 14.—The United States supreme court today heard arguments in the case of the state of Washington vs. the Northern Securities company and the Northern Pacific and Great Northern railroads, involving the merger of the two railroads. Attorney General Stratton appeared for the state and made the opening argument, contending that this court is the only one that can properly hear the case and that if it refuses to hear it there is no tribunal to which the state can apply for the redress of a wrong.

FIRE IN HEDEKIN HOUSE.

A blaze in the rear part of the old Hedekin house, on Barr street, late this afternoon, called out the department. The damage was not extensive. The Hedekin house is one of the old landmarks of the city.

MARRIAGE LICENSES.

James C. Burkhead and Cora L. Dennel.

George Hudson and Sarah Wuon.

Nester C. Bobay and Matilda Galland.

The county clerk has been notified not to issue a marriage license to Ephraim Kelly and Ida Bowser, the parties being first cousins.

Miss Leola Kellermeier, daughter of Mr. and Mrs. William Kellermeier, gave a birthday party yesterday, which proved to be a most pleasant event to the young hostess and to all of the guests. Refreshments were served by Mrs. Kellermeier.

PIONEER NO MORE

ALFRED S. JOHNS DIES AT AN ADVANCED AGE.

CAME TO FORT WAYNE IN 1837

WILLIAM MILLER DIES OF HEMORRHAGE OF BRAIN.

FREEDMAN'S INJURY IS FATAL

OTHER DEATHS AND FUNERAL NOTICES TODAY.

Alfred S. Johns, for sixty-five years a resident of Fort Wayne and one of the pioneer saddlers of Indiana, died at 11 o'clock Saturday evening at his home, 306 Washington boulevard. Mr. Johns was nearly ninety years of age and his death came as the termination of a protracted illness. For several months the venerable man had been declining gradually and his death came peacefully as a result of the infirmities of his advanced age.

ALFRED S. JOHNS.

Pioneer Fort Wayne saddler, who died Saturday night.

Since 1837 Mr. Johns had been a resident of Fort Wayne. He was the founder of the present saddlery house of A. L. Johns & Co. and his career was a long, active and honorable one. Since 1850 he had given little attention to business affairs, but had lived a retired life in the praceful enjoyment of the fruits of his earlier activity. Mr. Johns was born at Harrisburg, Pa., August 24, 1812, and his first employment was as a messenger boy in a general store at Washington, Pa. Later he became a salesman in the establishment and at the age of eighteen was apprenticed to a saddler. Three years later he had mastered the details of the trade and started westward as a journeyman.

CAME TO FORT WAYNE.

For three years he was employed at Dayton, Ohio, but early in 1837 set out for Indiana, arriving in Fort Wayne January 10 of that year, bringing with him a number of saddles and bridles which he had manufactured for the purpose of trading with the Indians. Fort Wayne was then but the merest village, but the young man embarked in the saddlery business here and his establishment was one of the first of its kind in Indiana. Marked success attended Mr. Johns' business career. His prosperity advanced with the steady growth of the city, until it culminated in the extensive saddlery house from which he retired in 1880 and was succeeded by his son, A. L. Johns.

Mr. Johns was twice married, his first wife being Miss Evelyn Baker, of Dayton, Ohio, who died eighteen months after their marriage, leaving one son, Edward S. Johns, now a resident of Fort Wayne. Mr. Johns was again married August 24, 1843, his bride being Miss Malvina J. Thompson, of Cincinnati. Mrs. Johns died in 1861 and the husband remained a widower since that time, residing with his children. Four children of the second marriage survive. They are Miss Malvina Johns, who lived with her father; L. B. Johns, of New York; Mrs. Richard Kirby, of Toledo, and A. L. Johns, of this city.

Mr. Johns was in all respects an excellent citizen, widely known and universally esteemed. He was actively identified with business and social life of the city for more than half a century. Politically he was a republican, though, with the exception of one term as a member of the city council in 1841, had never held public office. Mr. Johns was a member of the M. E. church.

Funeral services will be held from the residence Tuesday afternoon at 2 o'clock. The interment will be at Lindenwood.

MILLER.

William Miller, son of Mr. and Mrs. Frederick Miller, of 1114 Summit street, died at 10:30 o'clock Sunday evening from hemorrhage. The case was a peculiar one and its parallel is seldom observed by the medical fraternity. The young man was employed at the People's store and about four weeks ago his nose began bleeding at intervals.

The attacks became more frequent and increased in severity, utterly baffling the efforts of physicians to control them, and during the few days preceding his death the hemorrhage was almost constant. The young man's age was 16 years, 11 months and 23 days, and surviving are the parents, four brothers and four sisters. He was a young man of much promise, a member of St. Paul's Lutheran church and had a very wide circle of friends.

Funeral services will be held Wednesday afternoon at 2 o'clock from the residence and at 2:30 from St. Paul's Lutheran church, Rev. Miller officiating.

DAUGHTY.

Mrs. Mary C. Daughty, wife of W. L. Daughty, died at 5 o'clock this morning at her home, 2218 Force street, after an extended illness from tuberculosis. Mrs. Daughty was 49 years of age, and surviving relatives include the husband, two sons and two daughters. The children are Mrs. J. C. Howenstein, of Morgantown, N. C.; Mrs. C. A. Parker, of Chicago; W. H. Daughty, of Del Rio, Tex., and Clark Daughty, of this city. Another daughter died five weeks ago. Mrs. Daughty was a member of the Baptist church.

Funeral services will be held from the residence Wednesday afternoon at 2 o'clock.

FREEDMAN.

Wendeline Freedman, who was critically injured by the breaking of a hoisting chain at the Bass works Saturday morning, died at 6 o'clock Sunday morning at St. Joseph hospital. The remains were removed Sunday to the family home, 1336 Fisher street.

Mr. Freedman was a native of Germany, fifty years of age, and surviving are the widow and six children—Lizzie, Charles, Joseph, Otto, Frank and Fred Freedman.

Funeral services will be held Wednesday morning at 8:30 from the residence and at 9 o'clock from St. Peter's Catholic church.

CHAPMAN.

Mrs. Elizabeth Chapman, whose death was noted in The Sentinel Saturday evening, was a pioneer of Whitley county and had a wide circle of relatives and acquaintances in and about Roanoke. Mrs. Chapman was born May 30, 1832, in Parke county, Indiana, and was united in marriage June 23, 1853, to Samuel R. Jerome, who died in Missouri in 1860. To this union five children were born, two of whom still survive—James Jerome, of Whitley county, and Mrs. Lauretta Wirtz, residing near New Haven.

The death of her husband occurred just previous to the civil war, when feeling in Missouri ran very high. She was a staunch abolitionist and often suffered greatly as a result, but remained true to the cause of unionism, and sacrificed nearly her all for her loyalty. Returning to her native state she was married in Whitley county to Nathan E. Chapman, December 24, 1864. Here she remained thirty-eight years, coming to Fort Wayne to reside in 1893. Surviving of the last union are the husband and eight children—Ira H. Chapman, Ely Chapman, Joseph A. Chapman, Charles W. Chapman, Mrs. A. C. Baker, Mrs. A. J. Rasor and Mrs. J. O. Grieder, of this city, and P. W. Chapman, of Roanoke. The deceased was of a generous, kindly disposition that won for her a legion of friends who will sincerely mourn her death.

Short services will be held from her late home, 2402 South Wayne avenue, at 8 o'clock Tuesday morning, after which the remains will be taken to Roanoke for interment.

JEALOUS MAN'S DEED.

Metamora, Ind., April 14.—Inflamed by jealousy of "Dick" McAntee, a Big Four railroad fireman, Dick Oliphant, telegraph operator at the railroad station here, Saturday shot and fatally wounded his wife's step-father-in-law, Capt. Peter Pellser, eighty-one years old, who had sided with the woman in her trouble with her husband. His victim died of his wounds at noon and his murderer, after holding a crowd of enraged citizens at bay for hours, swallowed a fatal dose of carbolic acid and died at 5 p. m. The murder occurred at the railroad station just as McAntee's train, on which Mrs. Oliphant was prepared to go to Cincinnati, was approaching the town. Oliphant evidently had intended to wreak his vengeance on the fireman, but the train was flagged by those who feared a tragedy and McAntee was enabled to secrete himself. Then Oliphant's rage turned on his relatives.

THE WATER CURE

SOLDIERS TELL OF PRACTICE IN THE PHILIPPINES.

NATIVES WERE TORTURED

CONFESSION EXTORTED FROM THE OBSTINATE.

GORGING OF A PRESIDENTE

COUNTRY WAS DEVASTATED BY THE TROOPS.

Washington, April 14.—The senate committee on the Philippines began the week with the intention of making an investigation of the charge to the effect that the "water cure," so called, is practiced on the insurgents, and Charles S. Riley, of Northampton, Mass., formerly a sergeant in company M, Twenty-sixth volunteer infantry, was the first witness called with that end in view.

Mr. Riley said that he had been in the Philippines from October 25, 1899, to March 4, 1901. In reply to questions by Senator Rawlins, he said he had witnessed the "water cure" at Igboras, in the province of Iloilo, on November 27, 1900. It was administered to the presidente or chief Filipino official of the town. He said that upon the arrival of his command at Igboras the presidente was asked whether runners had been sent out notifying the insurgents of their presence, and that upon his refusal to give the information he was taken to the convent, where the witness was stationed, and the water cure was administered to him. This official was, he said, a man about forty years of age. When he (the witness) first saw him he was standing in the corridor of the convent, stripped to the waist and his hands tied behind him, with Captain Glenn and Lieutenant Conger, of the regular army, and Dr. Lyons, a contract surgeon, standing near, while many soldiers stood about.

HELD UNDER WATER TANK.

The man, he said, was then thrown under a water tank which held about 100 gallons of water and his mouth placed directly under the faucet and held open so as to compel him to swallow the water which was allowed to escape from the tank. Over him stood an interpreter, repeating one word, which the witness said he did not understand, but which he believed to be the native equivalent of "confess." When at last the presidente agreed to tell what he knew he was released and allowed to start away. He was not, however, permitted to escape, and upon refusing to give further information he was again taken as he was about to mount his horse and the cure administered for the second time. This time the man was not stripped, nor was he taken into the building. Dr. Lyons said the water could be brought to the spot and given there, and when it was brought in a five-gallon can one end of a syringe was placed in it and the other in the man's mouth. As he still refused, a second syringe was brought and one end of it placed in the prostrate man's nose. He still refused, and a handful of salt was thrown into the water. This had the desired effect and the presidente agreed to answer questions.

On cross-examination by republican senators, Mr. Riley said the "cure" had been first resorted to to compel the presidente to reveal his own attitude, and that it was learned from his confession that while he professed to be friendly to the United States, he was in reality a captain of the insurgent forces and that his police were all soldiers.

TOWN WAS BURNED.

As a consequence of this exposure he was arrested and the town burned. He said that the victim struggled fiercely while the cure was being administered and that his eyes were bloodshot, but that the next day when he saw the man he observed no ill effects of the "dose" he had received.

Senator Burrows, referring to the surgeon in charge, asked: "Did any one shoot him?"

The witness replied in the negative.

The second administration had been given to compel the information as to runners.

Mr. Riley also said he had known of many cruelties and indignities practiced upon American soldiers by natives.

Another witness, William L. Smith, of Athol, Mass., who was a private in company M, Twenty-sixth volunteer infantry, corroborated Riley's testimony, saying he had also witnessed the torture of two policemen of the town of Igbaras. Smith said the details of the "cure" were in the hands of a squad of the Eighteenth regular infantry, known as "the water-cure detail." He also said that he had assisted in the burning of the town of Igbaras and that the natives generally escaped from their houses only with the clothes they wore.

COUNTRY PLACE BURNED.

Mr. Smith expressed the opinion that Igbaras had a population of 10,000. So far as he knew no lives were lost. The witness said that the country places in the vicinity also were burned. All these acts were done under the command of Captain Glenn, who was, he said, judge advocate of the department of the Visayas. He said the water was kept running for four or five minutes and that the doctor in charge frequently placed his hand upon the man's heart as if to observe its effect upon that organ.

Mrs. W. R. Gillespie, of 56 Force street, whose painful accident was briefly mentioned in Saturday's Sentinel, is progressing rapidly toward recovery. Mrs. Gillespie's skull was not fractured, as was at first thought, but her face was badly cut and she lost several teeth. Her right side was also badly bruised. Mrs. Gillespie was carrying an infant when the accident occurred, but the little one miraculously escaped injury.

Born, to Mr. and Mrs. Alonzo Swank, of Lincoln avenue—a son.

METHODISTS IN PULPITS.

Marion, Ind., April 14.—There were many hundreds of visitors in the city yesterday, drawn here by the North Indiana Methodist Episcopal conference. From places all along the line of the Union Traction company large numbers of people came to Marion. The city was turned over to the Methodists, and every church was supplied with a Methodist minister by the conference. All the churches were crowded to the doors at both the morning and evening session. The chief sermon of the day was delivered by Bishop Joyce at the First Methodist church. The large auditorium was filled to the doors with people who had not been able to attend the conference last week. In the afternoon Messrs. Ostrom and Hillis, two evangelists, held devotional exercises, which were the most largely attended of any service in the city.

The conference got down to business again this morning and will finish what remains to be done on Tuesday morning. The assignments of ministers for the coming year will be made Tuesday night. There are many petitions before the conference from different cities asking for the retention of the pastors who have so faithfully worked among them for the past year or two. The attendance at the conference has been the largest in its history, and the officers are elated at the yearly increase in attendance and interest in the work.

Tonight, "Nobody's Claim."

The council committee of the whole will tomorrow night again resume consideration of the city traction matters. The public will be disappointed if there shall be failure to come to some result that will end the controversy.

The British budget, just presented by the chancellor of the exchequer, shows a deficit of nearly $200,000,000, but the chancellor finds cause for elation in that the deficit is not larger. It is a poor philosophy that cannot find consolation in something, and all things considered, the British chancellor has not looked at things unwisely. The thing might be and may yet be much worse.

It is a pity that Dr. Horne should have the handicap of doubtful transactions of his own while physician of the state prison. Undoubtedly his charges against the deputy warden had much basis in fact. But he has been badly discredited as a prosecuting witness by the disclosures concerning himself. It should be borne in mind, however, that whatever Dr. Horne may have done does not alter the case against the administration of the prison. The inquiry ought to disclose the whole truth and result in reform. There is little doubt of the need of it.

Colonel Watterson has sounded another keynote, and rather shrilly, too. But he is right. The country has need of the democratic party in the fullness of its strength. The next national campaign should find the democrats united, harmonious and determined. The battle next time will be more than ever for the people, the constitution and the high ideals of the republic as it was founded and as it has been preserved. Colonel Watterson may see a larger man on horseback than others, but he sees democratic duty clearly enough.

DEATH OF DR. TALMAGE.

In the death of Rev. T. De Witt Talmage the last of a group of great pulpit figures disappears from life's activities in this country. Since the death of Henry Ward Beecher, fifteen years ago, Talmage had been in the forefront of the great pulpit orators of America. Phillips Brooks followed a few years later and two years ago the great Moody laid down life's burden. At the time of his own death Talmage alone was left. We do not mean by this that the group in which those here named were so conspicuous comprised all of the great teachers of the gospel or all of the great pulpit orators. But these had attained to such distinction and occupied a place so high and held the public attention so powerfully that they were in a true sense distinct national figures.

The death of Dr. Talmage will carry sorrow and a sense of personal loss to millions of hearts. As no other had ever done, he literally spoke to the people of this country. The publication regularly each week in thousands of newspapers of his Sunday sermon placed the text of his discourses before many millions of readers. For more than a score of years the Talmage sermons had thus been carried to the people. The demand for them never waned. They were watched for eagerly and read attentively, it is estimated, by 30,000,000 persons each week. Save the words of the gospels themselves nothing ever spoken or written dealing with man's duty to the Almighty ever commanded such a hearing. To these millions of readers of Dr. Talmage's sermons the death of this great preacher will be a most painful sorrow and severe personal loss. For eighteen years The Sentinel has regularly published a Talmage sermon each week and the absence of this feature from the paper will strike the editor no less than his readers with a sense of loss.

Dr. Talmage had been much criticied for what was termed his "sensationalism," though few of his critics ever specially defined what they meant by the stricture. It is true that in the pulpit and on the platform he employed intensely dramatic methods, but they impressed his hearers with the force of what he said and burned in the lessons he had to teach. His written sermons disclosed certain tricks of rhetoric distinctly peculiar to him, but these methods illuminated his discourse and fixed the attention and impressed the understanding. He was never coarse, employed no buffoonery and betrayed no want of deep reverence for the sacred things he dwelt upon in his sermons. He attacked public abuses and popular vices with the courage of a warrior and if he had a manner of ferocity it was because he fought to kill. His honesty and sincerity were never questioned, and the fault found with him seems usually to have been the way he did it.

He was a great preacher, a valiant soldier of the gospel and a devoted servant of his Lord. The good he did in all the long years that he preached to his country-wide congregation of millions must be beyond human estimate of one man's capacity for good works. He will be missed and mourned, and the more so for that there does not now appear one to take the peculiar place he so completely filled.

ST. MARY'S FAIR TONIGHT

WILL OPEN IN NEW SCHOOL HALL THIS EVENING.

Elaborately Arranged Bazar With Attractive Features—Those Who Have Charge.

At the new St. Mary's school hall this evening opens a bazar and fair, to continue all week, and a round of gayety is promised by the committees in charge. It will be the first formal opening to the public of the new hall, which is one of the handsomest in the city, and the members of the congregation are united in the determination to make the affair a success, financially and otherwise. The preliminary work was completed this afternoon under the direction of Father Oechtering and the committee, and, as the advance sale of tickets has been very large, a good attendance nightly is assured. The leading business houses of the city have been generous in the extreme in the matter of donations, and the array of valuable articles is very large and attractive. The booths, decorated entirely in white, present a very attractive appearance.

The voting contests promise much excitement. On Wednesday evening that for the large doll, to be voted to the most popular little girl, will close. The young contestants are Misses Seiler, Nurbaum, Jauch and Trentman. Messrs. Martin Ankenbruck, sr., Val Kintz, Barney Meyers and A. Marbaum are entered in the contet for a "bob" sled and plow for the most popular farmer, to be voted off Thursday evening, and on Friday evening the contest for a fine buggy will close, the contesting gentlemen being Messrs. M. A. Ankenbruck jr., Joseph Weich and Martin H. Noll.

Bainer's orchestra will furnish the music for the fair and singing by the St. Mary's church choir, under the direction of Prof. A. J. Rager, will be an attractive feature.

The management of the fair is attended to by a board of directors, consisting of Messrs. Gustave Berghoff, Adam A. Reinhart, Joseph F. Zurbuch, Louis Schwartz and Henry Kuppel. Mr. Berghoff is president, Mr. Reinhart secretary, and Mr. Zurbuch treasurer. The board is assisted by a sub-committee consisting of Messrs. Charles Schnorberger, Andrew Johann, Leo. Albert and Oscar Schirmeyer, Othmar Heine and Luke Otten.

The booths are managed as follows: Drawing booth, ladies of the Marquette club; fancy work booth, Young Ladies' Sodality and Rosary society; flower and candy booth, Young Ladies' Sodality; refreshment booth, Young Men's Sodality; kitchen, School society; ice cream, Young Ladies' Sodality.

An auction sale of valuable articles will be held each evening. A. A. Reinhart will officiate as auctioneer.

A SENSATION PROMISED.

St. Petersburg, April 14.—An investigation has been opened by the court at Saghalin, an island off the east coast of Asia, belonging to Russia, into numerous charges of thefts and embezzlements brought against the government officials. Although only minor officers have thus far been accused, the affair promises to develop into a sensation.

ACQUITS WALLER

COURT MARTIAL HOLDS HIM GUILTLESS OF CHARGES.

DID NOT SLAY IN CRUELTY

TRIED FOR SLAUGHTER OF HIS PRISONERS IN SAMAR.

MUCH INTEREST IN TRIAL

GENERAL SMITH MAY BE TRIED FOR GIVING ORDER.

Manila, April 14.—Major Littleton W. T. Waller, of the marine corps, has been acquitted of the charges against him.

By a vote of eleven to two the court martial, composed of both army and marine corps officers, held that in killing eleven natives of Samar last January without trial he was acting in accordance with the rules of war, the orders of his superior and the military necessities of the situation.

The decision of the court was announced by Gen. William H. Bisbee, the presiding officer.

Major Waller has been under trial since March 18. He admitted the killing of the Filipinos, and further that he was in full possession of his faculties at the time, but he pleaded that he had acted in accordance with orders.

SMITH'S CASE NEXT.

It is expected that Gen. Jacob H. Smith, who commanded the department, will be brought to trial for giving the orders under which Major Waller acted. General Chaffee has the matter under consideration and his orders convening a new court martial are expected soon.

General Smith was recently transferred from the Philippines to the command of the Department of Texas at San Antonio. Before the transfer he had received the surrender of the last important band of insurgents in the Island of Samar, and his work had caused General Chaffee to announce the practical pacification of the island.

INTEREST IN TRIAL.

Washington, April 14.—The trial of Major Waller has been followed with close interest in army and administration circles in this city, not merely because the charge was one of brutal murder made against an officer of fine record for gallantry and ability, nor even because of the great sufferings of Major Waller's little command when lost and starving in the wilderness of Samar in the preceding days, but because it involved questions of policy in the handling of the natives.

For Major Waller claimed that in killing the natives without trial he was following the orders of his superior, Brig. Gen. Jacob H. Smith, and maintained stoutly that what he had done was done rightly, and that he still approved of it as a war measure after three months of reflection.

ORDERED TO KILL.

Major Waller not only offered in evidence in his behalf the written orders and proclamations of General Smith concerning the treatment of the exceptionally stubborn rebels in Samar, but in the course of the trial he also quoted General Smith as having instructed him personally in the following words:

"I wish you to kill and burn. The more you kill the more you will please me. The interior of Samar must be made a howling wilderness. Kill every native over ten years old."

This quotation from General Smith, which amounted, in fact, to a charge against him, was the most sensational feature of the trial, and it is regarded here as certain that the general will next be called upon to answer for having given this advice, and at the same time to defend his entire policy on the island.

DIE OF STARVATION.

Major Waller was on land service with the army, having been specially detailed from the marine corps with a small body of his men for service at the time of his own fearful experience in the interior of Samar and of its resulting summary vengeance. His command, under the guidance of rebel leaders, who had managed to be accepted as scouts, wandered for days in the early part of January, lost, and separated into small bodies, with practically no means of sustenance.

The natives who were with them lived on roots, but would give nothing at all to the white men, and before the latter reached headquarters a dozen of them had disappeared, undoubtedly having died of starvation.

FALSE GUIDES CAUGHT.

One day later in the month Lieutenant Gridley and Sergeant Quick brought in a number of prisoners to Cargadores, all of them having been among the false guides who starved the lost soldiers. They reported to Capt. Robert H. Dunlap, who took the news to Major Waller.

The major was lying in a cot. Without arising he gave orders to Lieut. John H. A. Day to have eleven of the natives taken out and shot. The order was promptly executed. According to the statement of one private, another native was shot the following day.

In the course of time, as the troops were transferred to other parts of the islands, the story of the summary execution became generally known, and so many such accusations were made to Major General Chaffee that he issued an order for a court martial to try Major Waller and Lieutenant Day. The order was dated March 6, and the trial was set for March 18 at Manila.

The original charges specified that one native had been tied to a tree and publicly shot in the thigh. The next day he was shot in the arms and the following day in the body. Only on the fourth day was he put to death. No information that any evidence was adduced in proof of this charge has, however, reached this city.

March 21 Major Waller made a plea of not guilty of the murder of the natives, and since then the trial has been proceeding, the final arguments not having been made until yesterday.

In connection with his plea Major Waller admitted frankly that he had ordered eleven natives to be shot, and conceded that he was absolutely in his right senses at the time.

Captain Dunlap testified to the orders for the shooting, and said that the major was not at all excited at the time.

There were many witnesses put on to testify to the treachery of the natives, and a native scout named Smoke told of a plot formed by native leaders to murder Waller and Lieutenant Williams. He said the marines shared their food with the native guides while they had food, but that later the natives refused to help the soldiers to even find the roots that could be had.

WALLER ON STAND.

Major Waller himself went on the stand on the last day of March, and he told a graphic story of the treachery he had been forced to contend against, and of the continual attempts of the natives to steal his arms.

He said that he had carried out General Smith's orders, and never has gone beyond them except in the last paragraph of his orders to his men, calling on them to avenge the slaughter at Balangiga of their old comrades of the Ninth infantry.

Every other act of his, he said, had been absolutely inspired by General Smith.

When General Smith took the stand at the request of the court to throw light on his orders to Major Waller he was unwilling to accept the responsibility for what Major Waller had done. He said that Major Waller was governed entirely by the rules of war, and especially by article 100. He said he had not seen Major Waller's orders to his marines or he would have cut off the last paragraph with its appeal for revenge.

COMMAND TO SLAY.

The testimony from General Smith caused Major Waller to take the stand again, and brought from him the startling statement of the conversation with General Smith, in which the latter had ordered him to kill all natives over ten years of age.

Major Waller said he had repeated this order to Capt. David D. Porter, with the comment: "We do not make war in that way on old men, women and children," and Captain Porter corroborated him. Capt. Hiram I. Bearss and Lieut. Frank Halford all swore that they had heard the words which Major Waller attributed to General Smith.

At the close of the trial Major Waller spoke on his own behalf, justifying his conduct, saying that he had treated the Filipinos in exactly the same way that belligerent boxers were treated by the allied forces, including the Americans, in China, in the days of the uprising.

HUNTING THE SOUTH POLE.

New York, April 14.—News has been received here from the Swedish Antartic expedition, whose leader is Dr. Otto Nordenskjold, cables the Montevideo, Uruguay, correspondent of the Herald. The expedition disembarked at Snow Hill, Louis Philippe land. It was accompanied by the surgeon, Dr. Eklof, the Argentine lieutenant, Sobral, and two sailors, one of whom was a member of the Duke of Abruzzi's Arctic expedition. Dr. Nordenskjold's vessel, the Antartic, tried to sail directly south from Cape Horn, but too many icebergs were encountered and there was danger of the ship being imprisoned for a long time. Dr. Nordenskjold decided to change his course. His expedition will remain at Snow Hill until next summer. The party has food enough to last two years.

A NEW TESTIMONIAL EVERY WEEK.

Dr. C. A. Zimmerman: Dear Sir—As you have asked an account of the wonderful cure of my pulmonary trouble (consumption—hereditary—my mother sickened and died of consumption), I will comply with the request. About two years ago I began to be troubled with a hacking cough and pain in my side and chest; in the spring and fall would have attacks of pleurisy lasting three or four days. My cough gradually increased, and I commenced raising balls of yellowish matter * * * The attacks of pleurisy lasted from two to three weeks, the mucous I raised changed to a dark greenish matter. I had severe pains and soreness of chest and lungs * * * Was growing weak and my friends thought to give me every comfort thinking that was all, the relief there was for me. I do not hesitate to say your treatment saved me from the grave EMELINE JOHNSON and A. D JOHNSON. Winchester, Ind.

WOLF & DESSAUER, 70-72 CALHOUN STREET.

ALL OVER FORT WAYNE!

There are people with "bad backs" everywhere---Backs that ache from kidney ills---Backs that are lame and weak---Backs that have stitches and twitches---Backs that have cricks and twinges. Ills of the kidneys and bladder are serious ills, don't neglect them. Neglect the kidneys when they're sick and poisonous uric acid circulates through the system causing Rheumatic Pains---Diabetes---Bright's Disease.

DOAN'S KIDNEY PILLS

Cure every disorder of the Kidneys and Bladder. If your suffer from Backache, Urinary troubles or any Kidney ill, it isn't safe to experiment with some untried remedy---get a medicine endorsed by people you know.

FORT WAYNE PROOF:

SUMMIT STREET.

Miss Mary Arnold, of 14 Summit street, says: "Before I got Doan's Kidney Pills at Meyer Bros. & Co.'s drug store and used them I took medicine of different kinds and was under doctors' care, but neither seemed to do me any good. The doctor said I had kidney trouble, but at the same time did not give me much, if any, relief. I read about Doan's Kidney Pills and decided to try them. I had no sooner started to use them than I felt better. My backache, which had been very bad, began to bother me less and less and the dizziness also gradually began to disappear. The other symptoms of weak kidneys left me and I steadily improved until I was in better health than I had been for years."

WELLS STREET.

Mr. A. Keller, of 157 Wells street, says: "Kidney trouble with me was not of a few days' standing, but had been bothering me for a long time, and I had tried many different remedies without getting much relief, as I was reading our paper one day, I happened to notice an article about Doan's Kidney Pills, so I went to Meyer Bros. & Co.'s Drug Store and got a box. Before I began taking them I had a very bad headache, dizzy spells, and my feet and back swelled. As soon as I began the use of Doan's Kidney Pills I could feel that the symptoms were growing less, and from day to day I kept improving until I had taken all of the box. I was then stronger and my health was better than it had been in months. I can recommend Doan's Kidney Pills to anyone suffering as I did."

EWING STREET.

Ex-Policeman J. Patton, of 180 Ewing street, says: "I had kidney complaint for four or five years. The kidney secretions were discolored and I had much annoyance from their too frequent action. If I stooped and straightened everything whirled about me and I was almost blind. Whenever I tried to work a little in my garden or stood in a stooping position my back ached terribly, and I had to place my hand where the pain was worst, my back feeling perfectly numb. I became so bad that I could not do much of anything and, though I tried a number of kidney remedies, none of them helped me. I heard about Doan's Kidney Pills, procured them at Meyer Bros. & Co.'s drug store and they relieved me right from the start. I took two boxes. The difficulty with the kidney secretion disappeared, as well as the dizziness, and I could work in my garden all day and never feel my back ache any more than a man who has never had kidney trouble."

SUMMIT STREET.

Mr. A. Elbett, of 62 Summit street, who conducts a repair shop at the above address, says: "I had kidney complaint for several years and on one occasion was laid up for eight weeks. My doctor thought I had Bright's disease, but none of the medicine I took did me much good. I had about lost all hope of ever getting well when I happened to read about Doan's Kidney Pills, and though I did not have much faith in their doing me good, yet I was willing to give anything a trial that had helped others, so I went to Meyer Bros. & Co.'s drug store and got a box. As soon as I began using them the pains in my back started to grow less, the kidney secretions began to clear and take on a natural color, instead of being brickish red. By the time I had taken three-fourths of the box I was cured."

CAUTION!

Get what you ask for. Get DOAN'S. Don't accept something "just as good." Most druggists sell Doan's Kidney Pills and will give you what you call for. Some may endeavor to substitute an article they make more profit on. Insist on having the genuine. Price 50 cents. Manufactured by Foster-Milburn Co., Buffalo, N. Y.

Don't Neglect!

Don't neglect an aching back.

Backache is the first symptomatic indication of Sick Kidneys.

Sick Kidneys call for prompt attention, neglect of Kidney Ills endangers life itself.

Kidney troubles are easily cured in the earlier stages. Doan's Kidney Pills are for Kidneys only. Cure every Kidney ill from common Backache to Diabetes.

THE MARKETS.

Chicago, April 14.—Corn had something of a runaway market at the opening today. Shorts feared much higher prices and there was a heavy investment demand that led to spirited bidding. Offerings, however, were very meagre and on the strength of very light receipts and a strongly bullish southwestern situation, buyers had to pay much higher prices. Cables were strongly responsive to the local bulge Saturday and St. Louis was again advancing rapidly. May corn opened 1c higher to 1c lower at 61¾c to 61⅝c on the easy wheat market, but within a few moments shot up 1¾c to 63¼c. Trading was excited though not heavy because of the scarcity of the article. Gradually the erratic bidding subsided and May slipped back to 62¼c, though the pit still showed a tense and nervous feeling. Other deliveries were higher, but not to the extent of May. Receipts were 55 cars.

One or two sales of May corn were made early as high as 63½c. After the first hour the price slid back to 61⅜c. There were still very few offerings and May closed firm, ¾c higher, at 62¼c.

May wheat opened ⅛c to ¼c lower at 72½c to 73c on unresponsive cables and general though not heavy rains in the southwest. The early trade was fair and largely of the selling sort by locals, though commission houses were on both sides of the market. A good support, however, soon sprang up and with the aid of the corn strength May wheat advanced to 73⅛c. Later there was a recession to 73c, where the market steadied. Local receipts were 25 cars, 2 of contract grade. Minneapolis and Duluth reported 183 cars, making a total for the three points of 208 cars, against 287 last week and 400 a year ago. World's shipments were 8,062,000 bushels, compared to 10,166,000 bushels last year. The amount of breadstuffs on passage decreased 576,000 bushels.

After the opening excitement in wheat, when May sold momentarily at 73¾c, the market sagged off on liberal liquidation. The tone continued tense, but prices slumped steadily and May closed weak, ⅛c lower, at 72⅝c.

Oats were in fair demand early and offerings were light. Corn strength influenced a slight upturn and May oats, which opened unchanged to ⅛c higher at 42c to 42⅛c, sold to 42¼c. Receiving houses and commission people were the buyers. As corn eased from its early bulge May oats eased back to a steady feeling around 42⅛c. Receipts were 151 cars.

Provisions showed good strength after an easy opening. Hogs were steady at the yards, but there was a good demand for products from brokers, evidently a support by packers, and prices advanced well. Corn strength also had a stimulating effect. May pork opened 2½c lower at $16.75 and advanced to $16.92½; May lard a shade lower at $9.75 and sold to $9.80, and May ribs unchanged at $9.07½ and sold at $9.12½.

THE DAY ON WALL STREET.

New York, April 14.—Today's stock market opened strong and active and there was a very heavy demand for a number of stocks. Louisville opened with sales of 5,000 shares at 120½ to 121⅞, compared with 119¾ on Saturday. There were blocks of 2,500 to 6,000 shares each of Southern Railway, Union Pacific, Baltimore and Ohio and American Locomotive at fractional advances. Canadian Pacific and International Power rose 1⅛ and Illinois Central a point. Metropolitan Street Railway was sharply depressed to the extent of a point. Amalgamated Copper declined a large fraction. Otherwise all stocks were higher.

A rise to 122¼ in Louisville made a record price for that stock. Elsewhere there were many important gains and considerable buying of low priced specialties. Chicago and Eastern Illinois opened 5 points higher with a reaction of over 2 and Canadian Pacific and International Power increased their gains to 2½ each. Fort Worth and Denver City Stamped rose 2⅞ and Des Moines and Fort Dodge 3. Chicago, Indianapolis and Louisville, St. Louis Southwestern preferred, Toledo, St. Louis and Western and the United States Rubber stocks, Wisconsin Central, Minneapolis, St. Paul and Sault Ste Marie, Westinghouse Electric and Bicycle preferred rose 1 to 2. Near 11 o'clock some large orders appeared for Southern Pacific and Union Pacific and they advanced a point with some effect on other trans-continental stocks.

Traders bought heavily around the room and developed new points of strength. Stocks which made notable progress included Atchison, Northwestern, common and preferred, Locomotive preferred, Chicago Great Western B, Denver and Rio Grande, the Hocking Valley stocks, New York Central, Michigan Central, Norfolk and Western, the St. Louis Southwestern stocks, Missouri Pacific, Texas and Pacific, the Kansas City Southern stocks, Detroit Southern and Virginia-Carolina Chemical improved between 1 and 2 points. Illinois Central was unusually active and crossed 145. Professionals took profits under cover of these strong stocks later in Locomotive, International Power, Canadian Pacific and Louisville. Anaconda fell 4 and Amalgamated rose above 67. Louisville's rebound to 125 caused uneasiness and the market sold off. Missouri Pacific relaped to below Saturday.

Bonds at noon were strong for the active speculative issues early, but the Central of Georgia issues subsequently lost more than their rise.

When Louisville ran off below 124 again the market steadied, but was dull. American Snuff jumped 6 points. International Power rose 5½ in all. There were advances of 1 to 2 in St. Louis and San Francisco, Chicago and Alton, Keokuk and Des Moines, Evansville and Terre Haute preferred, Pacific Mail, Tennessee Coal and Western Union, while Minneapolis and St. Louis lost nearly a point.

The buying movement was renewed on a large scale in Locomotive and the stock advanced to above 34. International Power made a gain of 7. The Colorado and Southern stocks were then pushed up sharply and there was a jump of 5 in Northwestern and 4 in the preferred. St. Paul preferred advanced 1½ and St. Paul and Omaha preferred 2. New York Dock lost 2, while the preferred gained 3. Evansville and Terre Haute gained a point. Prices of active railroads were slightly higher, but the demand was small and the market showed a disposition to go off again when Louisville rallied to 125⅛.

The extraordinary buoyancy of the Northwestern stocks spread to other grangers and strengthened the general market again. Northwestern rose 13 in all, the preferred 7, the St. Paul 2½, the preferred 3, St. Paul and Omaha 10, Evansville and Terre Haute, Des Moines and Fort Dodge 4 and Adams Express 11. The large decrease in clearings of Missouri Pacific forced that stock a point under Saturday and International Power reacted 3, but rose again to 119½. A violent advance in Louisville to 131 checked the buying elsewhere and prices relapsed with some violence. St. Paul fell back 2½, Louisville 5 and others from 1 to 2 points. Many prominent stocks were thus carried below Saturday's closing figures, some of them sustaining losses of a point or more. St. Paul and Louisville rebounded about 2, but the selling elsewhere was continued and the closing was feverish and irregular.

ELKS GIVEN A HERD.

The Elks lodge of California are on the verge of embarking in the livestock business, real quadruped elks to form their herd, says the San Francisco Chronicle. They have been made an offer by the cattle firm of Miller & Lux, which, if accepted, will make them at least the temporary custodians of quite a large family of antlered pets. Should the lodges decide to accept the cattle firm's offer they will call upon Uncle Sam to furnish them free pasturage in the Yosemite valley.

Down near Bakersfield there is a herd of 500 four-footed elks that is owned by Miller & Lux. The cattle firm has offered to present to the Elk lodges of California this last remnant of the Golden state's once teeming moose population under certain conditions. These are that the lodges pay for transporting the noble quadrupeds from the alfalfa fields of the oil region, where they hold their present social sessions, to the Yosemite valley reservation and employ a keeper for them for at least one year.

COURT NOTES.

The county commissioners will not be in session before Wednesday.

The case of Knoll vs. Baker is on trial before the superior court and jury today. The action involves the cost of certain drainage on lands west of the city.

Three affidavits for various offenses, all alleged to have been committed by the same person, have been filed in Bullermann's court. The offender has not yet been arrested and the justice withholds the name.

PASSED 200 MARK

THE B. OF R. T. LODGE HAS MEMBERSHIP OF 202.

THREE INITIATIONS SUNDAY

MEETING WAS SORT OF A JOLLIFICATION.

C., H. & D. MAKES CHANGES

DIVISION TERRITORY REARRANGED AND SUBDIVIDED.

Yesterday Fort Wayne lodge No. 136, Brotherhood of Railway Trainmen, had a most interesting meeting, the proceedings of which included the initiation of three candidates, which raised the membership roll past the 200 mark. The new members are George G. Winning, baggageman on the Lake Erie and Western road; W. H. Hockaday, brakeman on the Nickel Plate, and D. A. Rowan, yard conductor on the Pittsburg. The membership of the lodge is now 202. It was instituted in June, 1896, with twenty-two charter members and, while its growth has not been very rapid, it has been of that solid, wholesome character which means permanency. The financial growth of the lodge has been of the same steady and satisfactory character and its treasury is today in a most excellent condition. The first officers were G. B. Sink, now a conductor on the Pittsburg road; Samuel and Ralph Springer, now conductors on the Baltimore and Ohio road, and Bert Sunderland, now employed on a road running into Joliet, Ill. A resolution endorsing the candidacy of W. H. Clements, a Nickel Plate brakeman, for the republican nomination for representative of Allen county, was passed.

ROME CITY EXCURSION.

The Rome City business yesterday was a complete surprise to the Grand Rapids and Indiana people, who had made up their minds that the first Sunday excursion of the season was going to be a partial failure on account of the very disagreeable weather which prevailed. Instead it was a fairly successful affair, their being 140 tickets sold at the office in this city. All the excursionists were fishermen. They had rather indifferent success at the lakes, however, there being only a few catches made. These excursions will continue throughout the season, growing in size as the weather becomes more favorable.

THOMPSON GOES HOME.

Harry Thompson, the Wabash brakeman who figured in a shooting scrape in this city last Friday night, returned to his home in Peru last Saturday and no doubt is busily engaged in squaring himself with his wife, who is said to be a most excellent lady. When he was released from jail Saturday, Thompson made a "bee line" for the Wabash yards and got aboard a freight train headed westward. He has received the sobriquet of "Jack the Peeper." Peru also has another freak which it could dispose of without in the least injuring the reputation of the city. A "Jack, the Exposer," carried on his disgusting practices uninterruptedly in the Lake Erie and Western depot one day last week, as a party of Fort Wayne travelers, who were witnesses could testify did not modesty forbid.

SHORT ON COMMON LABOR.

Supt. T. R. Pickard, of the Bass Foundry and Machine works, says that work in that institution is handicapped by a scarcity of common laborers. Mr. Pickard says that he could give fifty more men steady employment the year round at the prevailing wages, but he does not know where to get them. There has been a steady increase in the number of employes at the Bass works and today the pay rolls of the local shops contain nearly 1,100 names, the largest list in the history of the concern.

WILL BE MANY EXCURSIONS.

It is said that the railway managers have arrived at the conclusion that cheap summer excursions do not interfere to a great extent with regular travel. It is believed that the people who attend the cheap excursions would stay at home were they compelled to pay regular fare. As a result of this decision there will be more than the usual number of excursions the coming season. Sunday excursions will be run about as they were last year.

THE SICK AND AFFLICTED.

A number of men who had been off duty from the Pittsburg shops for some time reported for work this morning, included being W. H. Roemke, who had a head hurt April 3; Peter Stetzer, who was taken sick January 28; H. F. Geerken, John Rost and R. H. Mauk, who were sick about a week; K. M. Powers, who was in the hospital about two weeks, and F. H. McComb, who was injured about the head last week. New names on the absentee list this morning were W. Sudebrink, E. J. Hunter, F. M. Shambaugh, A. W. Thompson and John G. Harber, who are sick, and G. C. Deirstein, who is looking after private business.

CHANGING DIVISION OFFICERS.

Saturday's Sentinel mentioned the resignation of Alexander Galloway as superintendent of the main line of the Cincinnati, Hamilton and Dayton road and today this paper is able to announce the name of his successor as well as some other changes that are about to take place on the C., H. & D. J. A. Gordon has been appointed to succeed Mr. Galloway, and will have his headquarters at Dayton, which is to be the operating point for the Cincinnati, Hamilton and Dayton. The divisions are to be rearranged, and Mr. Gordon will be in charge of the business between Cincinnati and Lima; C. E. Voorhees, from Dayton to Delphos; S. E. Floeter, from Lima to Toledo, and H. F. Shoemaker, of Lima, will have charge of the Indianapolis division, with headquarters at Connersville.

Boiler Foreman James Murray, of the Wabash shops, was called to Indianapolis last night to see his aged mother, who lies very ill at her home in that city.

Mrs. W. McDonald, of Lima, O., who has been the guest of her brother, Conductor G. B. McCormick, of the Nickel Plate, returned to her home last Saturday.

John Droughton, a machinist, who came here from Newark, N. J., about a month ago to work in the Bass shops, resigned his position Saturday and returned to his old home.

J. E. Noble, traveling salesman for the Bass Foundry and Machine company, sustained a painful wound on the chin Saturday afternoon by a fall on Calhoun street, near the court house.

William Harkenrider, foreman of the labor gang, and John Krudop, of the Bass machine shop, resumed work this morning after a two weeks' absence. Mr. Harkenrider had a foot hurt and Mr. Krudop had his back injured.

Yard Conductor William Hayes resumed charge of the Pennsylvania warehouse engine at nights last night, after a week's absence. Earl Repine, who had charge of the engine during Hayes' absence, resumed his former duties in the yards this morning.

Harry Meisse, formerly claim agent of the Grand Rapids and Indiana road, but now engaged in another line of work at Indianapolis, was in the city over Sunday, the guest of his sister, Mrs. Frank Sweringen. Mr. Meisse called at the railway offices this morning to see his old comrades.

District Passenger Agent C. A. Asterlin, of the Nickel Plate, has arranged for a special train service for the Modern Woodmen of America for excursion purposes from Mortimer to Cleveland on Tuesday, April 22. The Woodmen expect to have a big party.

J. S. Evans, night chief dispatcher of the Nickel Plate, has left the city on a week's vacation.

Pittsburg Flagman M. Rowan, who was off duty on account of the sickness of a relatives in the east, has returned to the city and reported for work.

Major John W. Green, a confederate veteran and at one time general manager of the Central of Georgia railroad, died at his home in Atlanta last Friday.

G. J. DeWitbiss, round house foreman at Tilton for the Wabash, was the guest of his parents yesterday. He once worked in the company's shops in this city.

Capt. H. M. Diehl, the Pennsylvania air brake expert, was in the city to spend Sunday with his family. Captain Diehl's car is now stationed at Ashtabula.

Mr. Durrell, of Columbus, Ohio, was a business caller at the Pittsburg shops and offices last Saturday. Mr. Durrell is assistant motive power engineer of the Pennsylvania Southwestern system.

Charles McCoy, machinist at the Wabash shops, will be married some time in May to a most estimable young lady. Mr. McCoy is a son of Jack McCoy, the well known machinist at the same shops.

Passenger Conductor F. I. Stump, of the Findlay, Fort Wayne and Western road, is laying off today to attend to some private affairs and Conductor A. L. Shepherd has charge of the train in the meantime.

Last Friday the Wabash company's hospital at Peru had only four patients, the smallest number of any time in the past three or four years. Last Thanksgiving day there were forty patients in that institution.

M. Seidmer, a Hungarian, who has been employed in the draughting department of the Fort Wayne Electric works for six months, has resigned with the intention of returning to his native country to re-enter the army.

Pittsburg Conductor T. O'Connell is sick and off duty. He is suffering from an abscess on the jaw. Yard Conductor George McCassidy and Yard Brakeman August VanDusen are also sick and Yard Brakeman Joseph Starr is nursing a lame hand.

H. J. Smith, the painter who secured a leave of absence ostensibly to visit friends in Kansas City, but really to get married, reported at the Pittsburg shops this morning well supplied with cigars for the "boys." He was married last Wednesday at Topeka, Ind.

Auburn Dispatch: "The Wabash is having considerable trouble near St. Joe, as the roadbed is soft and the heavy trains keep the track in a very uneven condition. Three small wrecks occurred inside of eight hours Thursday evening, one of them near the depot, doing considerable damage. Laborers are scarce and it will require a large force of men nearly all summer to get the track in good shape."

Chief Clerk Harry Templar and his assistants at the shop office of the Electric works moved their desks in the unfinished new addition to the office this morning in order that the carpenters could lay a new floor and make some other improvements in the old part of the office. The improvements will be completed this week, when Mr. Templar will have very comfortable, convenient and pretty offices.

Charles H. Jones, a representative for the general baggage office of the Illinois Central railroad, with headquarters at Chicago, arrived in the city over the Nickel Plate railroad Sunday morning. He expects to spend a few days here with relatives and many friends, after which he will take a trip through the southern states. Mr. Jones was formerly a resident of this city and is a brother of Miss Daisy Jones.

Louis E. Rehling, assistant foreman of the Pittsburg blacksmith shop, was at Bingen, Ind., yesterday, to see his father-in-law, William Brockmeyer, who is lying at the point of death with lung fever. Ed Brockmeyer, a wheel moulder at the Bass works and a son of the sick man, is at the bedside of his father today. Mr. Brockmeyer is 82 years old and has resided upon his present farm fifty-five years.

Orders have been issued to the fire department of the Pennsylvania shops to drill every other Saturday between the hours of 3 and 5. The shops are adequately equipped with fire extinguishing apparatus and the object of the drill is to firmly impress upon the mind of each of the fifty members of the department the exact location of each piece and the best method of procedure in case of fire. The department will act in connection with the city fire department if a fire should occur.

J. T. Attig, who commenced railroad work in 1851 on the Pennsylvania under Andrew Carnegie, in addition to his pension from the Pennsylvania, will receive from Mr. Carnegie $20 a month during his life.

Ben Watkins, the lad who was found along the line of the Pittsburg with a mangled foot some time ago and taken to St. Joseph hospital, where the member was amputated, now says he was pushed from the car. The police do not believe this story.

Vice President Brown, of the Lake Shore, is now flying westward to meet his wife, who is at Pasadena, Cal., and accompany her home. Mr. Brown is scheduled to make the round trip in eight days, which is a record breaker for continuous travel.

The Lake Erie and Western has, it is said, in contemplation a change in train service which will be an improvement over existing conditions. The proposition involves better through service and better connection at this point with the Lake Shore road.

About 100 paper hearts were pasted upon the outside of the car at the berth occupied by a married couple from St. Louis, who passed through this city on Wabash train No. 8 last Friday. No doubt the bride and groom wondered at the marked attention their car received when the train stopped at a station.

The official report of the Indiana Car Service bureau shows that in March the bureau handled 38,590 cars, the largest business of any month in the history of the bureau. The average detention was 1.60 days. J. O. Goff, the local representative of the association, reported a record breaking business at this point for that month. The Sentinel gave the figures at the close of the month.

According to a detailed schedule of the two fast runs made by President A. J. Cassatt's trains on March 23 and 24, the former averaged 67.1 miles per hour and the latter 67.9 miles per hour, between New York and Philadelphia. For a distance of six miles a speed of ninety miles an hour was attained, and on both trips even a longer distance was run at an average speed of eighty miles an hour.

George Horton, the Pennsylvania yard conductor who had a foot so badly injured about a month ago, is going to come out of the accident whole. It was feared at first that the wounded member would have to be amputated, but Dr. Stemen, the attending surgeon, assures The Sentinel that the patient will be spared that sacrifice. Mr. Horton is still at St. Joseph hospital, but if present progress toward recovery is maintained he will be able to leave that institution in a little while.

FOURTH MURDER IN DETROIT.

Detroit, Mich., April 14.—John Kolasinski, of 247 Lovett street, who was shot by Martin Nowakowski last evening during a quarrel in Nowakowski's saloon, died today without regaining consciousness. He is the fourth person killed in Detroit since last Wednesday night. Miss Carrie M. Jennett was murdered late Wednesday night by Prof. J. M. Miller, who is already serving a life sentence for the act. George H. Heywood was killed early Thursday morning and W. M. Jones is under arrest on suspicion with much strong circumstantial evidence against him. Last night Mathew Smith, a teamster, who was jerked out of his wagon last Thursday by Joseph Scott, a negro, died from the injuries sustained. Scott is under arrest.

The women's Bible meeting of Wayne street M. E. church will be held in the Sunday school room on Tuesday afternoon from 3 to 4 o'clock. Mrs. Lem R. Hartman in charge. The lesson will be Exodus 25 to 28.

Rheumatism

The liniment bottle and flannel strip are familiar objects in nearly every household. They are the weapons that have been used for generations to fight old Rheumatism, and are about as effective in the battle with this giant disease as the blunderbuss of our forefathers would be in modern warfare.

Rheumatism is caused by an acid, sour condition of the blood. It is filled with acrid, irritating matter that settles in the joints, muscles and nerves, and liniments and oils nor nothing else applied externally can dislodge these gritty, corroding particles. They were deposited there by the blood and can be reached only through the blood. Rubbing with liniments sometimes relieve temporarily the aches and pains, but these are only symptoms which are liable to return with every change of the weather; the real disease lies deeper, the blood and system are infected. Rheumatism cannot be radically and permanently cured until the blood has been purified, and no remedy does this so thoroughly and promptly as S. S. S. It neutralizes the acids and sends a stream of rich, strong blood to the affected parts, which dissolves and washes out all foreign materials, and the sufferer obtains happy relief from the torturing pains.

SSS

S. S. S. contains no potash or other mineral, but is a perfect vegetable blood purifier and most exhilarating tonic. Our physicians will advise, without charge, all who write about their case, and we will send free our special book on Rheumatism and its treatment. THE SWIFT SPECIFIC CO., Atlanta, Ga.

REV. ROBINSON'S SERMON.

Rev. George L. Robinson, of McCormick university, Chicago, preached at the First Presbyterian church morning and evening Sunday in the absence of Dr. Moffat. The text of the morning discourse was Matthew 27-37, "And they crucified Him, and parted His garments, casting lots." Rev. Robinson divided humanity into three classes—those who are ignorant of, or who know of, but are indifferent to, Christ; those who are content with morality, such as philosophers and certain sects of a semi-religious nature, and thirdly, those who are content with nothing less than Christ. The first and second classes are those content with the garments of Christ; the third who want Christ Himself. Rev. Robinson is a scholarly and eloquent man and his audiences morning and evening were large.

Mr. and Mrs. Fred C. Peters are home from their wedding trip. They will be at home for a few days with Mr. and Mrs. John C. Peters, until their new home on Rockhill street is ready for occupation.

SOAKED IN RECORD TIME

QUICK WORK IN THE POLICE TRIBUNAL.

Judge Dreibelbiss Applies the Law to a Job Lot of Offenders in Eight Minutes.

"O yaz, O yaz, O yaz! The muneecepal court of Fort Wayne is now in session," said Lieutenant Lapp, bailiff, clerk and general functionary of the city court at precisely 8 o'clock this morning. At precisely seven minutes after 8 the lieutenant remarked, "The muneecepal court of Fort Wayne is now adjourned." In the meantime, Judge Dreibelbiss had gathered up an armful of eight affidavits, threw them into the judicial hopper, gave the crank none mighty turn, and $44 in cash rolled into the city coffer from the spout and four unfortunates rolled into the patrol wagon and were hauled away to jail. This morning's was probably the shortest police court session on record, where an equal number of cases were disposed of. William A. Wiea, Jacob White, Andrew Bacher, Paul Bacher, Jacob Collins, James Johnson, John Foley and Jacob Hallides were each found in various stages of intoxication since Saturday noon. Each entered a plea of guilty to the charge preferred and each was fined $1 and costs, making $7 all told. The first three forfeited their appearance money. Miller's mother came down and paid his fine and the other four went to jail. Miller is a married man and has five children, the oldest of whom is 12. The humane officer says the children are illy clad and illy fed and said when he went to the house he found them breakfasting off of black bread and black coffee, and that that was all there was in the house to eat; furthermore, that the wife said that all they had to eat last week was three loaves of black bread and coffee. Paul's mother, an aged German lady, indignantly denies that her son, a be-whiskered lad of about 35, neglects his family or drinks to excess, but insists that Paul's wife drinks more than he does, spends too much of her time in saloons and is responsible for the black bread more than Paul is—in fact, she could have other things, but insists on cooking nothing but "pannycakes."

Officer Paul filed three affidavits for obstruction of the public highways, the affidavits being against Edward Gilmartin, O. F. Parker and Mendal Frank, all of whom persist in piling lumber, wood, bricks and other material on the street. The officers say that all have been notified time and time again to remove the obstructions, but no notice has been paid to the warnings, hence the affidavits.

A woman with a small boy came to the superintendent this morning and complained that bad boys on South Broadway were annoying her son. The superintendent told her to go to the prosecutor and present her case, as he could not detail an officer to watch over the lad.

An unknown couple, about fifty years of age, giving their names as Clark and claiming to hail from Council Bluffs, Iowa, unsuccessfully tried to flimflam M. L. Baker out of $2 last Saturday afternoon. Mr. Baker is the father of Dr. S. H. Baker, the Arcade dentist, and his home is near Council Bluffs, he and his wife being here on a visit to their son. The Clarks claimed an acquaintanceship and wanted to borrow $2 to get their trunk from the depot. They failed in the game and have not since been seen.

Harry Thompson, who was mixed up in a not very mysterious shooting affair on the south side last Friday night, pulled stakes and went back to Peru, his home, on Sunday morning.

Superintendent Gorsline sustained a severe sprain to his right wrist shortly before noon today while endeavoring to stop a runaway team on Clinton street, near the postoffice. The Schlatter Hardware company's delivery team, left untied in front of the store, started on a run down Clinton street and passed Berry street just as the superintendent had left his office and was on his way down town to take a car for home. He ran into the street and succeeded in getting hold of the bridle of one of the horses, but was flung aside with considerable violence. Near Lewis street the runaways were stopped before doing any material damage.

Mrs. G. Chandler, of 2 Huffman street, pleasantly entertained a company of friends Friday afternoon in honor of her birthday anniversary, and at the close of the games an elaborate supper was served. Mrs. Chandler received a number of very handsome presents as tokens of the esteem in which she is held by her friends.

The Christian Culture class of the Baptist church, with the pastor as teacher, will meet this evening at 8 o'clock. The subject will be "Paul's Two Years at Rome in His Own Hired House."

DR. TALMAGE DEAD

LIFE OF GREAT PREACHER COMES TO A CLOSE.

THE END CAME PEACEFULLY

WAS SURROUNDED BY FAMILY AT HOUR OF DEATH.

THE FUNERAL ON TUESDAY

HAD SPLENDID CAREER AS A PREACHER.

Washington, April 14.—Rev. Dr. T. De Witt Talmage, the noted Presbyterian clergyman, died in Brooklyn Saturday night at the residence of a daughter in this city. It had been realized for some days that there was no hope [illegible]

REV. T. DE WITT TALMAGE.

of his recovery and the attending physicians so informed the family.

The patient gradually grew weaker until life passed away so quietly that even the members of the family, all of whom were watching at the bedside, hardly knew that he had gone. The immediate cause of death was inflammation of the brain.

Dr. Talmage was in poor health when he started away from Washington for Mexico for a vacation and rest six weeks ago. He was then suffering from influenza and serious catarrhal conditions. Since his return to Washington some time ago he had been quite ill.

LAST WORDS TO HIS DAUGHTER.

The last rational words uttered by Dr. Talmage were on the day preceding the marriage of his daughter, when he said: "Of course, I know you, Maud." Since then he had been unconscious.

At Dr. Talmage's bedside, besides his wife, were these members of his family: Rev. Frank De Witt Talmage, Chicago; Mrs. Warren G. Smith, Brooklyn; Mrs. Daniel Mangum, Brooklyn; Mrs. Allen E. Donavo, Richmond; Mrs. Clarence Wycoff and Miss Talmage, Washington.

THE FUNERAL.

The funeral services over the remains of Rev. Talmage will take place at 1 o'clock Tuesday afternoon from the Church of the Covenant. The services will be very simple. There will be no formal sermon, but short addresses concerning the life and works of Dr. Talmage will be made by men who have been intimately associated with him.

Dr. James S. Hamilton, the pastor of the church, and Dr. Thomas Chalmers Easton, of the Eastern Presbyterian church, of Washington, will both assist in the services. Dr. Samuel J. Nicolls, of St. Louis, a lifelong friend, will make an address, and Dr. E. P. Terhune, of New Jersey; Dr. Howard Suydam, of Rembeck, N. Y., and Dr. James Demarest, of Brooklyn, all school friends of the deceased, have been asked to assist. Music will be furnished by the male quartet of the Church of the Covenant. At 9 o'clock Wednesday morning the interment will take place in the family lot at Greenwood cemetery, Brooklyn.

PAID SILENT TRIBUTE.

Silent tribute to the memory of Dr. Talmage was paid yesterday by thousands of people who walked past the residence on Massachusetts avenue, where the visit of death was marked by a cluster of violets tied with a streamer of black hanging at the right of the entrance. Many intimate friends, including the pastors of most of the Presbyterian churches of the city, were among those who called. Messages of sympathy from nearly every state in the union and from England, Russia and other European countries came during the day.

BORN A FARMER'S SON.

Thomas De Witt Talmage, preacher, lecturer, author and contributor to periodicals and magazines, whose sermons have been published in weekly newspapers for twenty-five years and in the latter years of his life reached 30,000,000 persons through the medium of 3,000 such papers, was born at Bound Brook, Somerset county, N. J., Jan. 7, 1832. He was married twice, his first wife having been a Miss Avery, of Brooklyn. She met death in a drowning accident in the Schuylkill river while Dr. Talmage was pastor of a church in Philadelphia. Two years afterward the minister married Susan C. Whittemore, also of Brooklyn. By his first wife Dr. Talmage had two children. Several children were born of the second marriage. One of Dr. Talmage's sons is the pastor of the Jefferson Park Presbyterian church in Chicago.

The decedent always signed his name and was known as T. De Witt Talmage. He was the son of a farmer whose family for twenty-five years had been members of the Reformed Dutch church. Two of De Witt's uncles, a brother-in-law and three brothers were preachers. Young De Witt, though he joined the Reformed Dutch church when he was 18 years old, did not contemplate entering the ministry until much later. He was the youngest of twelve children and for a time in his youth his chances for acquiring an education were meager. He attended the grammar school at New Brunswick, N. J., and at the age of 19 entered the University of New York, being graduated in 1853.

WINS FAME AT GRADUATION.

During his college course Dr. Talmage showed remarkable talent for remembering everything he read. He also showed great proficiency in oratory and in the ability to write pleasing dissertations. At graduation he delivered an address on the "Moral Effects of Sculpture and Architecture." This was published far and wide as a masterpiece and it gave the young student his first taste of fame.

For three years after leaving college young Talmage studied law. At the end of this time he concluded he had made a mistake in choosing a vocation and he turned toward the ministry. He was graduated from the Reformed Dutch Theological seminary at New Brunswick, N. J., where he preached three years. Then he went to Syracuse, N. Y. While there he married Miss Avery. After a short pastorate in Syracuse he went to Philadelphia as pastor of the Second Reformed Dutch church, where he remained seven years.

BUILDS FIRST TABERNACLE.

While in Philadelphia Dr. Talmage received three calls at once, to Chicago, San Francisco and Brooklyn. His fame as a pulpit orator had spread far from Philadelphia and his power to attract worshipers to his church brought demands for his services from many places. In 1869 Dr. Talmage accepted the call to the Central Presbyterian church of Brooklyn, N. Y. The church then had only nineteen members and a congregation of only thirty-five persons. Still the church offered the new minister a salary of $7,000 a year.

Dr. Talmage preached in the old church in Brooklyn for fifteen months and then the congregation and membership outgrew the sanctuary. The organization therefore decided to build the first Brooklyn tabernacle. It was in the form of a horseshoe and inclosed half an acre. Dr. Talmage filled it every time he preached. In 1872 the tabernacle was burned down. While it was being rebuilt Dr. Talmage preached in a theater part of the time and for the remainder of the period traveled in Europe. In February, 1874, the new tabernacle was opened with services. This seated 4,650 persons and with standing room was able to house 7,000 persons. It was always crowded when Dr. Talmage was in the pulpit.

Meanwhile the church had got into debt to the extent of $72,000. By a gigantic effort $42,000 was raised in one day. The rest of the sum needed to lift the debt was raised soon after and in October, 1878, Dr. Talmage's salary was raised to $12,000 a year. In October, 1889, the second tabernacle was burned. Dr. Talmage was then preparing to go to Palestine, but he offered to postpone his trip and give part of his salary toward rebuilding. The trustees told him to go abroad and he went, traveling through the Holy land, Greece and Europe. He returned in 1890. The tabernacle was rebuilt and ready for occupancy in 1891 and the first services were held Easter Sunday.

Dr. Talmage's fame continued to spread and the great new tabernacle could scarcely hold the crowds that went to hear him. In 1894, however, he saw a larger field for his endeavors and went to Washington, D. C., where he preached from that time to his death.

AUTHOR AS WELL AS PREACHER.

Dr. Talmage was given the degree of master of arts by the University of New York in 1862 and the degree of doctor of divinity by the University of Tennessee in 1884.

During all his long pastorate Dr. Talmage lectured much, traveled a great deal and wrote almost incessantly. He edited at various times the Christian at Work, the Advance, Frank Leslie's Sunday Magazine and the Christian Herald. Among the many books that he wrote are the following: "Woman: Her Power and Privileges," "Every Day Religion," "Old Wells Dug Out," "From Manger to Throne," "Sports That Kill" and "The Marriage Ring."

GOES TO SHERWOOD SCHOOL

E. RUESEL SANBORN ACCEPTS FINE POSITION.

Will Be Organ Instructor and Teacher of Harmony—Farewell Recital Tonight.

It will be good news to the many friends of E. Russel Sanborn, who for the past year has been organist at Trinity Episcopal church, to learn that he has been honored with one of the best positions in his line to be had in the United States. Mr. Sanborn has accepted the position of organ instructor and teacher of harmony in the William H. Sherwood school, of Chicago, famous as a technical school, and leaves tomorrow to assume his duties.

Mr. Sanborn will also have the management of the Milwaukee branch of this school, where he will occupy the position of secretary and manager. Mrs. Stacy Williams will be vocal teacher under Mr. Sanborn's management.

Mr. Sanborn has also signed a contract with the well known manager, Charles R. Baker, to give a series of recitals in several of the larger cities during the coming season. Mr. Baker is the manager of Sue Adams, the famous grand opera soloist, and of William H. Sherwood, president of the Sherwood school, conceded to be one of America's best pianists.

While it is a rare thing for a young man of Mr. Sanborn's age to receive such high honors, his many Fort Wayne friends are aware that his musical ability renders him thoroughly deserving of the honors. Mr. Sanborn will give his farewell recital at Trinity Episcopal church this evening.

BERLIN FLOODED BY RAINS

GREAT DAMAGE SUFFERED IN GERMAN CAPITAL.

Railway Embankments Washed Out, Depots Flooded and Street Railways Stopped.

Berlin, April 14.—A violent thunder storm, accompanied by torrential rain, broke over Berlin and its vicinity early today, causing great damage. Many buildings were struck by lightning. The fire brigade was summoned to upwards of 300 places to extinguish fires and cope with floods.

The water was so deep around the approaches to the railroad station on Friedrichstrasse that it was impossible to reach the depot. At the Lehrte station some of the waiting rooms had to be closed, as the walls threatened to fall.

A portion of the embankment of the Potsdam railroad near Schoeneberg was swept away, and similar damage to the Circular railroad necessitated a suspension of traffic.

The streets were so flooded that the street cars in several districts were stopped. The roads were almost impassable for pedestrians, and consequently the schools were closed. The museum was considerably damaged. The decorative portions of many buildings and the statues in the public squares were seriously damaged by hail, which for a time fell most heavily.

Trains were unable to leave the Stettin station because of the floods. The cellars of the royal theater and the Reichsbank are under water.

A house on Gerichtstrasse collapsed. Some of the occupants were injured.

Mothers, be sure and use Mrs. Winslow's Soothing Syrup for your children while cutting teeth. It is the best remedy of all. my5eod-w

Kodol Digests what you Eat
Dyspepsia Cure

If you have indigestion don't resort to stimulants to force your stomach beyond its strength. It is only because it is weak and tired that it fails to perform its task. A stimulant may lend false strength for a time but the very violence of the effort the abused organ will make weakens it more than ever. With the reaction following the use of the stimulant will consequently come keener suffering than before. Nor will the stomach respond so readily to the next treatment of a similar character. With each repetition conditions will be worse than before. What the stomach wants is rest. Kodol Dyspepsia Cure will furnish such a rest. It digests what you eat. All other preparations lack one or more of the natural digestants. Consequently they can't effect a complete cure. Kodol Dyspepsia Cure contains them all. It acts just as the stomach acts. While it does the stomach's work the stomach is obtaining the rest which it needs to restore it to a healthy condition. "I used to suffer so from indigestion that even a soda cracker or glass of water would cause agony," says H. L. Wharton, New Berne, N. C. "I commenced using Kodol Dyspepsia Cure and it soon cured me." Weak and sickly children thrive on it.

WATTERSON GIVES KEYNOTE FOR DEMOCRATIC POLICY.

A MENACE OF ABSOLUTISM

MILITARY DESPOTISM TO BE OPPOSED.

DANGERS IN MATERIALISM

PLEA FOR MARKETS PRETEXT FOR ARBITRARY POWER.

Louisville, April 14.—Henry Watterson in an editorial today sounds a keynote for the democratic policy for 1904 in the words:

"Opposition to absolutism and arbitrary power will constitute the fighting line—one God, one constitution and one flag against military despotism and the man on horseback."

"The republican organs may laugh and they may swear," he continued, "but they will have to face the music, they will have to defend or repudiate the war loreliness of the president with respect to Schley and Miles; they will have to defend or repudiate the Root army bill, proposing a staff which made the Dreyfus tragedy in France possible; they will have to defend or repudiate the scheme of military despotism and martial law sought to be established and made perpetual in the far occident; they will have to defend or repudiate the suppression and silence by which the republican leaders hope to fasten things upon us unawares, and along with them, the manifold corruptions which are their inevitable concomitants. Neely and Rathbone being but the avant couriers of that swarm of carpet-baggers and scalawags which ever and inevitably swirls about the offal piled up along the route of absolutism and arbitrary power.

Photo by Klauber, Louisville.

HENRY WATTERSON.

AGE OF MATERIALISM.

"We live in an age predominated by material things. The idiosyncrasy of century gone by was liberty. Instructed by the American revolution, horrified by the French revolution, but still making progress of a kind, the world was reaching out after constitutional freedom. Measurably it attained its purpose. The idiosyncrasy of the century that is upon us in commerce—trade and barter—in business, in politics, at the marriage festival and up to the very altars of the Supreme Being, made of iron and steel and copper, and such like, and sought to be thrust by the Mad Mullahs of Pennsylvania—the Buccaneers of the stock market—between the people and the living God.

"Under the ready plea of markets, absolutism is to find the arguments for arbitrary power. The army is first to be debauched and then to be degraded. The flag is to become a drop-curtain to conceal every kind of infamy behind the scenes.

FORGING THE IRONS.

"Commercialism is to justify everything until the irons are forged and the man on horseback is ready to plunge the rowells of arbitrary power deep into the flanks of the republic.

"If ever there was a time, therefore, when the people of the United States should question their public men and look to the methods prevailing in their public service—both civil and military—that time is now. Excepting the gaps made by the two Cleveland administrations between 1885-89 and 1893-97 the republicans have been in power since 1861, thirty-three years. They have thus had the opportunity to breed a very astute body of political leaders and party managers. It is the nature of long tenure to draw to itself not merely the more ambitious among the rising men of the country, but all the smart rascals as well; and sometimes the line between ambition and corruption becomes exceedingly indistinct.

POLICY OF PARTY.

"The organization of the republican party is well nigh perfect. Its policy is penetrating and astute. If it be not laid in the nobler philosophies of government, it yet drives away down into the baser depths of human nature; temptations here, subordination there, suppression and evasion playing hide-and-seek with the most sacred traditions and important interests; ever casting anchors to windward, where it dare not face the music of the gale.

"The Miles episode, from start to finish, is a case in point. The lieutenant general was the one man in authority who could be relied upon to become a party to no collusion or conspiracy. Yet he was not to be got rid of. He stood right across the path of the program of absolutism arranged by the leaders of the federalist party—true to the instance of force and the hand of arbitrary power which in the beginning dominated it—and he was neither to be coaxed nor bought nor bullied. So he must be crushed. All that has followed, and all that is meditated, are parts of the scheme to crush him, and to remove him from the knowledge of what is going on.

WOULD RETAIN OFFICE.

"Never were the spoils of office so shamefully employed for corrupt purposes as by the self-anointed civil service reformer whom destiny has placed in the white house and who means to stay there if he can, and if he is able to secure certain machinery essential to the purpose, he thinks he can.

"The existing situation is not so critical or acute. But it might readily become so. It is to make it impossible that democrats should get together and toe the line, crying everywhere, 'Down with absolutism, down with arbitrary power, the covenant and the law—one constitution, one God—for all men, wherever the flag flies and the eagle screams, both at home and abroad, and each in its order and its power supreme.'"

TAFT GOES TO ST. LOUIS.

Later in the week he will leave for Washington and New York with Mrs. Taft and Mr. and Mrs. Charles P. Taft. While east he will visit old Yale friends at New Haven. He will return to Cincinnati before sailing via the Suez canal, May 17. He will visit Rome. He expects to be subject to call in Washington for questions while the Philippine bill is pending.

OUR HEARTS

tho' stout and brave, Still, like muffled drums, are beating Funeral marches to the grave."

The human heart, scarcely larger than a man's fist, is the most wonderful of engines. In each twenty-four hours the dual heart moves approximately six tons of blood, which is equivalent to about two barrels of blood every hour. What amazing labor for so small an organ, working as it does without rest or pause from the first breath of infancy to the last sigh of old age. When disease attacks the heart it attacks the very citadel of life, and every organ of the body seems to tremble with apprehension. The strenuousness of modern life, which overtaxes the heart is every day increasing the list of those whose sudden end is ascribed to "heart failure." It is hardly possible to pick up a newspaper without seeing mention of the death of some well-known man attributed to that cause. And for every one prominent man who falls a victim to heart failure, how many are there, unknown beyond their home village, who perish from the same cause.

Dr. Pierce's Golden Medical Discovery is a medicine specially designed to cure diseases of the stomach and other organs of digestion and nutrition, and to purify and enrich the blood. But the ingredients which enter into the "Discovery," include one of the best heart tonics known in medicine. Thus, while the diseased stomach is being cured by the action of "Golden Medical Discovery," it strengthens the heart and enables the pumping of an adequate blood supply to the stomach and kidneys, thus improving the action of these organs.

"In the fall of 1897, I was taken with smothering spells, palpitation of the heart and a distressed feeling in my stomach," writes Mr. H. W. Kinney, of Knight, Doddridge Co., W. Va. "I consulted a doctor and he said I had organic heart trouble. He gave me some medicine but it did me no good. I then tried different kinds of patent medicines but they only helped me a little. I quit taking medicine in the winter and got so bad I could not walk any distance, was short of breath, and my legs would get so weak I could not stand. Consulted another doctor, and he said I had indigestion of the stomach and bowels. I doctored with him all summer, and he only helped me a little. I then wrote, asking you for advice, and you advised me to take Dr. Pierce's Golden Medical Discovery. I sent and got five bottles and began taking it. Before the first bottle was gone I felt a change. When the five bottles were gone I began to work. I had not worked any for a year before. I waited awhile after I took the five bottles and then got some more and continued the medicine. I took in all sixteen bottles, and was cured. I believe if I had taken it regularly I would have been well before."

After consulting two doctors and taking various medicines without any lasting benefit, Mr. Kinney wrote to Dr. Pierce and was cured by taking his advice and using his medicines.

Any sick person is invited to consult Dr. Pierce, by letter, *without charge or fee.* On these terms it is evident that it is economy of time, money and health to consult Dr. Pierce first before experimenting with those of less experience and skill. Address Dr. Pierce, at the Invalids' Hotel and Surgical Institute, Buffalo, N. Y., of which Institution he is chief consulting physician and surgeon.

"Have taken Dr. Pierce's Golden Medical Discovery and it did me more good than anything I could get," writes Mrs. Julia A. Wilcox, of Cygnet, Wood Co., Ohio, Box 52. "I doctored with three different doctors for weak heart, but they did me no good. I was so tired and discouraged if I had my choice to live or die, I would have preferred to die. My husband heard of 'Golden Medical Discovery,' and he bought a bottle. I took that and the first half seemed to help me. I took six bottles before I stopped. I am perfectly well and am cooking for boarders (I have six), and am taking in washing beside. I will truly say I think your medicine will do all it is recommended to do and more. It has been a God-send to me. I will be willing to answer any letters of inquiry that anyone wishes me to. If you think this will be the means of helping any poor suffering woman to obtain relief you may print it and make any honest use of it you wish to."

The stomach may be called the nutritive center of the whole physical organism. Every organ depends upon the stomach for its nourishment. Starve a man and in time his heart ceases to beat. But if you half starve a man there is a proportionate reduction of vital power. The body with its organs make up the physical man, and when we say the man is half starved, we are practically saying that the organs that are vital to the physical man are half starved also. This is the condition of a great many people who are run down and debilitated. They get enough to eat, but the food eaten does not nourish the body, because it is imperfectly digested and but partly assimilated. The result is a half-starved condition shared by all the organs of the body and developing into heart "trouble," kidney "trouble," etc. Dr. Pierce's Golden Medical Discovery cures the diseased stomach, enables the perfect digestion and assimilation of food, and thus the body and its organs are restored to strength by the only means known to nature: that is, by food properly digested and converted into nutrition which is perfectly assimilated.

A RICH MAN'S REMEDY.

Rich men are almost always hard-headed and skeptical. Business life makes them careful, cautious and conservative. Hon. Peter Gendron, of Toledo, O., is a self-

HON. PETER GENDRON.

made man of wealth. When he retired a few years ago from the management of the great Gendron Iron works it was with the intention of traveling to regain his health. Hard work had worn him out. Some one mentioned LEROUX'S BLOOD REMEDY to him. The rich man laughed scornfully. His friend persisted and, still laughing, he tried the medicine. "If you convince me" he said, "that this medicine is the great tonic and purifier you claim, I'll go back into the harness and make it famous." He was cured. So were three of his friends. He kept his word, and is devoting his life to the remedy that cured him, and is now president of the Leroux Medicine Co. As bright eyed and energetic as a boy, at the age of 80 years, he is a living advertisement for his own medicine. This wealthy man will take time to send you a personal letter if you will only ask him and his company physician, Dr. Whiteford, will give your case personal attention free of charge. Write today. Your druggist has Leroux's Blood Remedy. Mr. Gendron says positively that he can cure the worst cases of Rheumatism, Catarrh, Eczema, Scrofula, Blood Poison, or any ailment arising from impure blood, even including Cancer.

GETS FINE DACHSHUND.

The handsomest specimen of dachshund ever seen in Fort Wayne was received last week by Henry Beach, of 41 West Main street. The animal is a bitch, about four months old and was imported direct from Germany, the mother with her litter arriving in Milwaukee about three weeks ago, and from there she was shipped to Mr. Beach, who had engaged her even before the family had left the old country. The dog is black, marked with tan, is coupled like the 'bus barn scenery wagon and has legs about as long as a turtle. Accompanying the bill of sale was the dog's pedigree, which dates back further than King Edward's and has a good many more high-sounding names in it. Mr. Beach, who is one of the best known pigeon fanciers in the city, proposes to add a fancy dog kennel to his poultry establishment.

ATTORNEY HARRIS' VOICE.

(Auburn Courier.)

E. V. Harris, the Fort Wayne attorney, evidently thinks jurymen are deaf. He has a voice that would drive "Foghorn" Kelly out of the country and he uses it with paralyzing effect. When Harris gets up every juryman tries to get under his chair.

PRESIDENT WELL INSURED.

New York, April 14.—Since he became chief executive of the nation, President Roosevelt has become one of the most heavily insured men in the United States. The president has taken out a policy for $50,000 in a New York company, besides continuing policies for small amounts which he had taken out long before he was elected governor of New York. President Roosevelt's policies, it is understood, exceed by $15,000 or $20,000 those held by President McKinley. Mrs. McKinley was paid about $60,000 on policies on her husband's life.

COLLECT CONSCIENCE MONEY.

New York, April 14.—The Italian authorities continue to collect "conscience money" for the vatican as a result of their efforts to run down the miscreants who robbed the pontiff of 8,000,000 francs, says a Rome dispatch to the American and Journal. The latest parcel of stolen property returned amounts to $80,000 in American government bonds.

CARGO OF COFFEE LOST.

New York, April 14.—The steamship Cheribon, with 24,000 bags of coffee on board, bound for Panama, was wrecked Sunday off Point Remedios, five miles south of Acajutla, says a Herald dispatch from Guatemala City, Guatemala. The passengers and crew were saved, but the ship and cargo are a total loss. The Cheribon was sailing under the Chilian flag.

It was at Point Remedios that the Panama mail steamship Pubias was wrecked several months ago.

THE GREAT CANADIAN CURE

"WRIGHT'S RHEUMATIC REMEDY"

Is making cures where all other means have failed. Can you doubt such evidence as this?

PERU, Ind., Feb. 25, 1902.

It was while working in the Rolling Mills at Bellefonte, Pa., about six years ago, that I was first taken with "Sciatica" Rheumatism. I called in my physician, who prescribed for me, but gave no relief. I was compelled to take to my bed after a year's suffering. The physician of the company gave me up and said that my case was incurable and would speedily end in paralysis. My wife then sought another physician of note, who attended to me for about a year and who said that I could not be cured. I had been in bed for nearly two years suffering with everything, with such relief as hypodermic treatment gives. After being given up by the two physicians, through the influence of friends I was taken in as an inmate of the city hospital at Williamsport, Pa., and received the best treatment that hospital afforded. I remained about eleven weeks and was then discharged by the attending physicians as incurable and returned to my home. After several months at home, I was again sent to Williamsport, Pa., hospital, to be under the personal care of Dr. McCormac, a Specialist of repute. After five weeks under his care he said that my case was hopeless, and I again was returned to my home. For another year I laid at my home and was treated by the local physician without benefit, and as a last recourse I was sent to the city hospital at Lock Haven, Pa., and remained there under the care of the staff of physicians, who at the end of five weeks told me that they could not do anything for me, and for the third time I was returned to my home at Howard, Pa. I remained there crippled and almost helpless for three years, when my family brought me to this city last October. I was barely able to move on crutches. While at the depot at Columbus, Ohio, I was spoken to by a gentleman who said that he had been cured of a bad attack of Sciatica by the use of "Wright's Rheumatic Remedy," and advised me to try it, and I was also advised by my sister-in-law, who said that this medicine was doing a great deal of good. It was upon the strength of such strong testimony that I procured a bottle, and to my great surprise, the awful pains that I had been bearing for nearly six years ceased before I had been taking your W. R. R. two weeks, and I began to feel better, and have been gaining in health and strength every day since. My right arm and hand were useless. Now the full use has returned. My limbs, that I could not bear to have touched, I can now use and can walk and go around as usual. I can hardly comprehend that after so long a time, being given up by three hospital staffs and three different physicians, that I am feeling so well, and now on the way to again being able to work and be of use and service to my family by the use of your wonderful W. R. R.

JAMES AGNEW.
(Signed.)

This is to certify that Mr. James Agnew signed the foregoing testimonial in my presence and personally gave it to me of his own free will.

SENSITIVE THIEVES.

Some one in Chicago is easing a guilty conscience at the rate of $1 a month and at the present rate of progress it will take thirteen months longer to satisfy the demand.

Some time in November Mrs. Beachy, an artist with a studio in the Auditorium building, lost her purse to a pickpocket while riding on a street car. The purse contained $17, a bunch of keys and some professional cards.

The next morning Mrs. Beachy received through the mail a carefully wrapped package containing her purse and her keys, but no money. A little later $1 was received by mail from some unknown source. Since then the dollar has come regularly once a month.

And there are other thieves of the same sort. The fact that they had stolen a $50 overcoat weighed so heavily on the minds of Fred Wilheimer and Viggo Parahl that they followed Detectives Stapleton and O'Brien to the Harrison street police station and asked to be arrested. Yesterday they were sent to the bridewell for thirty days each.—Chicago Tribune.
